These and many more idioms are explained and put into context in this second edition of the Oxford Dictionary of Idioms. The volume takes a fresh look at the idiomatic phrases and sayings that make English the rich and intriguing language that it is. This major new edition contains entries for over 5000 idioms including 350 entirely new entries and over 500 new quotations. The text has been updated to include many new idioms using the findings of the Oxford English Reading Program, the biggest language research program in the world. The entries are supported by a wealth of illustrative quotations from a wide range of sources and periods and the text has been entirely redesigned so that it is both elegant and easy to use. Anyone interested in the colorful side of the English language will get hours of fun browsing this fascinating and informative volume.
