From Dependence to Dignity Brian Fikkert, Russell Mask, 2015-05-12 The church of Jesus Christ finds itself at a very unique moment in history The average Christian living in

the economically advanced countries enjoys a level of prosperity that has been unimaginable for most of human history At the same time over 2.5 billion people in the Majority World Africa Asia and Latin America live on less than 2 per day with many of these people being Christians Ironically it is amongst the least of these in the Global South that the global church is experiencing the most rapid growth All of this raises profound challenges to the global church How can churches and missionaries in the Majority World effectively address the devastating poverty both inside their congregations and just outside their doors How can churches in the economically advanced countries effectively partner with Global South churches in this process The very integrity of the global church's testimony is at stake for where God's people reside there should be no poverty Deuteronomy 15:4 Acts 4:34 For the past several decades microfinance MF and microenterprise development MED have been the leading approaches to poverty alleviation MF MED is a set of interventions that allow households to better manage their finances and start small businesses From remote churches in rural Africa to the short term missions programs of mega churches in the United States churches and missionaries have taken the plunge into MF MED trying to emulate the apparent success of large scale relief and development organizations Unfortunately most churches and missionaries find this to be far more difficult than they had imagined Repayment rates on loans are low and churches typically end up with struggling programs that require ongoing financial subsidies Everybody gets hurt in the process donors relief and development agencies churches and missionaries and most importantly the poor people themselves This book explains the basic principles for successfully utilizing microfinance in ministry Drawing on best practice research and their own pioneering work with the Chalmers Center Brian Fikkert and Russell Mask chart a path for churches and missionaries to pursue a path that minimizes the risks of harm relies on local resources and enables missionaries and churches to minister in powerful ways to the spiritual and economic needs of some of the poorest people on the planet The insights of microfinance can play a tremendous role in helping to stabilize poor households removing them from the brink of disaster and enabling them to make the changes that are conducive to long term progress Moreover when combined with evangelism and discipleship a church centered microfinance program can be a powerful tool for holistic ministry one that is empowering for the poor and devoid of the dependencies plaguing most relationships between churches in economically advanced countries and churches in poor nations

new opportunities and fundamental challenges confronting the global church today These realities missional expansion persistent barriers to human progress shifts in the composition and centre of gravity of world Christianity and a growing attention to the need for the church to embrace a radically different way of life call for a new approach to the role of faith in our public life to the different ways of witnessing to Christ and stewarding the mysteries of Christian faith With solid grounding in Scripture and critical reflection for authentic Christian public witness and mission this book speaks of how the gospel of Jesus Christ endlessly relates to the whole world and its reconciliation with God

A Culture of Engagement

Cathleen Kaveny, 2016-03-01 Religious traditions in the United States are characterized by ongoing tension between assimilation to the broader culture as typified by mainline Protestant churches and defiant rejection of cultural incursions as witnessed by more sectarian movements such as Mormonism and Hassidism However legal theorist and Catholic theologian Cathleen Kaveny contends there is a third possibility a culture of engagement that accommodates and respects tradition It also recognizes the need to interact with culture to remain relevant and to offer critiques of social political legal and economic practices Kaveny suggests that rather than avoid the crisscross of the religious and secular spheres of life we should use this conflict as an opportunity to come together and to encounter challenge contribute to and correct one another Focusing on five broad areas of interest Law as a Teacher Religious Liberty and Its Limits Conversations about Culture Conversations about Belief and Cases and Controversies Kaveny demonstrates how thoughtful and purposeful engagement can contribute to rich constructive and difficult discussions between moral and cultural traditions This provocative collection of Kaveny s articles from Commonweal magazine substantially revised and updated from their initial publication provides astonishing insight into a range of hot button issues like abortion assisted suicide government sponsored torture contraception the Ashley Treatment capital punishment and the role of religious faith in a pluralistic society At turns masterful and inspirational A Culture of Engagement is a welcome reminder of what can be gained when a diversity of experiences and beliefs is brought to bear on American public life

Christian Mission and Poverty Andrew Draper, 2021-06-22 Changing the Mind of Missions James F. Engel, William A. Dyrness, 2000-02-18 James F Engel and William A Dyrness offer a sympathetic yet courageous analysis of the challenges that North American and other Western Christian missions face *Overcoming the World Missions Crisis* Russell Penney, A wake up call to evangelicals to return to the biblical mandate and model for missions before we have no unique message to proclaim An alarming view of missions in the twenty first century Beyond Duty Tim Dearborn, 2013-01-03 DO YOU WANT TO MAKE A DIFFERENCE IN THE WORLD but feel overwhelmed by all there is to do Do you sometimes doubt that significant change is even possible There is good news God isn t worried about the future of the world nor is God merely bringing minor changes Behold I make all things new says the Lord The coming kingdom brings total transformation

metamorphosis What's more God doesn't call us to carry the burdens of the world and its transformation on our own shoulders Christ carries the world and by the power of the Spirit we live in Christ We do not have a mission for God in the world Rather the God of mission has us in the world Each of us has a vital role in the world We are invited to participate God's generous love bringing heaven to earth through us now The seven sessions of BEYOND Duty guide individuals groups and churches to our places as participants in God's mission in the world I originally wrote Beyond Duty to help liberate mission fanatics like me from enslavement to a human centered approach to mission That liberation is still needed today In our eagerness to make a difference in the world we can quickly subvert the good news of God's sovereign love into our ambitious burdensome and at times tedious effort to fulfill our mission in the world This revised and expanded edition pursues this seeking God's liberating grace to free us from the vain presumption that the future of God's mission is up to us Through a combination of our compassion regarding urgent needs what feels to us like the inactivity of God and the drive of our own need to make a difference in the world many of us all too easily take the needs of the world onto our shoulders as our personal responsibility This sounds so foolish However mission narcissism runs deep Though it may be obvious it still deserves to be said again Our central commitment is to God and God's kingdom not to ourselves or our service for God in that kingdom To make anything other than loving God and living in God's love for our neighbor even something as good and noble as God's mission in the world the central passion and commitment of our life is just plain old idolatry dressed in Christian clothing I've lived much of my life seeking to serve in God's mission but I wonder at times for whom I am really working My suspicion is that sometimes I've spread the unpleasant aroma of my need to make a difference in the world more than the sweet aroma of Christ In my more honest moments I admit that some of my mission was to reinforce my sense of significance It's so easy to become intoxicated by the seductive lies of our society that size determines significance speed measures impact and worth depends on success The gospel frees us to live from the center of God's encompassing love We needn't live from the burdensome center of me It's not about my mission ambitions work and weaknesses We can live as grateful participants in God's love for the world In the midst of our obedient service we can sing and play and not take ourselves so seriously What others are saying about BEYOND Duty A refreshing departure from usual mission books
