up the Oregon Trail in the Red Desert and floats the South Fork of the Snake River Along the way he encounters a variety of wildlife moose elk trout and wolves From the treacherous mountains in the dead of winter to lush river valleys in the height of fishing season his words and steps trace one of the most American of experiences exploring the West Turner who has lived in Grand Teton for three decades designates Greater Yellowstone as ground zero for the country's conflict between preservation and development At a time when the battle to preserve a wild and natural environment is relentless his accounts of the areas conflicts with alien species logging real estate oil and gas development are alarming A mixture of adventure nostalgia and Americana Turner's rare experiences and evocative writing transform the sights and sounds of Greater Yellowstone into an intimate narrative of travel through America's most beloved lands Praise for Teewinot Bursting with a sense of place a rewarding reading experience replete with ravishing observations of nature Publishers Weekly a measured luxuriance in the landscape a love song to the natural history of a place Turner's writing is muscular never swaggering and almost lyrical summoning a Teton Range in its rightful sublime austerity Kirkus Reviews Teewinot is a rare book The wonderful accounts of mountaineering serve as armature not only for Turner's meditative reverence for the Grand Tetons and his often evocative prose but also for an uncommon density of knowledge of place Peter Matthiessen author of *Tigers in the Snow* This is simply stated a wonderful and utterly engaging book Jim Harrison author of *Dalva* and *The Road Home* Each place must find its muse The Tetons have found theirs and his name is Jack Turner Terry Tempest Williams author of *Coyote's Canyon*
