La Conversion Religieuse:

La conversion religieuse Pierre-Yves Brandt, Claude-Alexandre Fournier, 2009 Il y a plus d'un siècle que les pionniers de la psychologie de la religion ont mené des études sur la conversion religieuse. Par la suite, cette thématique est passée au second plan. Elle revient sur le devant de la scène avec le pluralisme religieux de nos sociétés. La mondialisation et la globalisation économique ont accru la mobilité qu'elle soit géographique ou identitaire. Dans ce contexte, la conversion occupe une place de choix parmi les transformations identitaires. Son étude permet d'éclairer les fonctions psychologiques jouées par le religieux. Articulés sur des considérations théoriques et empiriques, les travaux rassemblés dans cet ouvrage donnent un aperçu significatif de l'évolution contemporaine des mentalités religieuses. À partir d'exemples identifiés chez de jeunes chrétiens et musulmans belges et anglais, chez des convertis vangeliques, chez des moines et moniales catholiques ou encore auprès de personnes attirées par de nouveaux mouvements religieux, le lecteur pourra mieux mesurer les éléments déclencheurs d'un attachement à une forme ou à une autre d'une religion. Hors de la sphère strictement occidentale, des études menées en contexte bouddhiste et hindou montrent l'irréductibilité des modèles des expressions classiques ou attendues. Au final, ce livre souligne des aspects importants et mal connus relatifs à la recomposition du religieux aujourd'hui. Résumé de l'auteur.

La conversion religieuse Emmanuel Godo, 2000-01-01

De Mohammed à Jésus Julien Argoud, 2025-03-13 Entre 300 et 400 convertis anciennement musulmans se font baptiser catholique chaque année en France, ceux-ci s'ajoutent des convertis ayant décidé de se tenir à l'écart des institutions catholiques, souvent appelés catholiques de cour. Comment rendre compte de ces phénomènes de conversion ? Au-delà des seules raisons exprimées par les acteurs, quels sont les mécanismes profonds qui les conduisent à se convertir ? Comment leur vision du monde et d'eux-mêmes évolue-t-elle durant ce processus de conversion ? C'est ces questions et beaucoup d'autres que Julien Argoud répond dans cet ouvrage, à partir d'une enquête de terrain d'un an comprenant aussi bien des entretiens avec d'anciens musulmans convertis au catholicisme et des membres du clergé que des observations dans des églises catholiques et des organisations missionnaires ayant un objectif de la conversion des musulmans.

Une autre foi Loïc Le Pape, 2020-11-22 La conversion religieuse est un processus nigmatique, parfois insaisissable, entre les bouleversements spirituels et leur encadrement religieux, entre la porte d'un changement individuel et l'ampleur de ses effets sociaux. À partir d'une ethnographie de la conversion religieuse menée durant plusieurs années et avec une optique comparative inédite entre les trois monothéismes, l'ouvrage d'ampleur dont on se convertit aujourd'hui en France. Loin de l'idée communément admise de l'abjuration soudaine d'un individu, ce livre montre le rôle central de la nouvelle religion dans l'émergence d'un récit de conversion et l'importance cruciale des proches, familles et amis dans l'évolution spirituelle des convertis qui vivent en quelque sorte un coming out religieux. En laissant une large place à ceux qui traversent, encadrent et accompagnent cette odyssée spirituelle, l'ouvrage d'ampleur les étapes de la conversion religieuse en montrant ce qui est attendu des convertis et les façons dont ils s'emploient à y répondre. L'auteur développe une conception relationnelle des conversions religieuses tout en

questionnant la place contestée du religieux dans la société française Les histoires de conversions rapportées dans cet ouvrage témoignent des redéfinitions en cours des identités religieuses en France et la singularité des nouveaux convertis dans un pays laïc et sécularisé croyants dans un monde incroyant

Le phénomène des conversions religieuses Henri

LASSERRE, 2016-11-21 Alors que le nombre de conversions religieuses augmente nettement ce phénomène n'est encore mal connu Sur la base de nombreux entretiens avec des personnes converties de toutes les religions monothéistes l'exception du judaïsme Henri Lasserre met en lumière trois types de conversion la conversion d'opportunité celle de retour et celle de rupture qui se traduit par un changement d'affiliation religieuse volontaire Il met en lumière un certain nombre d'invariants communs toutes les conversions étudiées L'auteur montre que le converti recherche une nouvelle affiliation inscrite dans un contexte familial fragilisé compliqué ou déstructuré Dans tous les processus de conversion observés Henri Lasserre met en avant 4 traits communs L'existence d'un mal-être de la personne voire d'une crise identitaire Une rencontre avec un tiers avec lequel le converti se sent compris et reconnu et qui fait office de déclencheur L'existence d'une communauté sachant accueillir la personne en souffrance Un travail sur soi au travers de la lecture la méditation l'autoévaluation dans la prière tant entendu que ce livre ne se prononce pas sur le mérite de ces pratiques

Conversions religieuses et liberté Roberto Simona, 2022

La Conversion religieuse dans un contexte pluraliste Sahayaraj Lourdasamy, 2010-11 Le droit à la conversion peut signifier celui de se convertir et celui de convertir autrui Dans ces deux sens il est une partie essentielle de la liberté religieuse Si le droit de se convertir ne suscite guère de controverses il n'en va pas de même du droit de convertir autrui bien que celui-ci soit inhérent à la liberté de pratiquer et propager une religion Nation séculière et démocratique l'Inde assure la liberté religieuse à tous ses citoyens et par sa Constitution assure la liberté de professer pratiquer et propager la religion Cependant la liberté de convertir n'est pas explicitement indiquée Les Cours civiles interprètent la liberté de propager une religion selon les circonstances D'après la Cour suprême indienne cette liberté n'inclut pas le droit de convertir qu'elle considère d'ailleurs comme non fondamental Le système juridique canonique de l'Église catholique cherche à garantir le principe selon lequel il est important que l'Église jouisse de toute la liberté d'action dont elle a besoin pour veiller au salut des hommes et que la liberté de conscience des nouveaux convertis soit absolument respectée

conversion. Paul Aubin, 1963 L'ouvrage de Paul Aubin constitue une étude de référence sur plusieurs problématiques majeures Il concerne d'abord un problème linguistique d'un intérêt toujours actuel le passage dans les catégories indo-européennes du message juif et chrétien concernant la conversion formulé primitivement dans des catégories sémitiques La morale et la religion ont en effet vivement préoccupé les premières générations de notre ère et l'ensemble des courants de pensée des auteurs chrétiens aux philosophes néo-platoniciens ont largement reflété ce questionnement La notion de conversion est ainsi abondamment utilisée au sein de différentes doctrines travers une communauté de vocabulaire qui sous-tend cependant des ressemblances mais aussi des différences Quelle est alors l'originalité de la conversion chrétienne parmi tant d'autres travers l'analyse exhaustive de la terminologie utilisée par les maîtres de la vie spirituelle au cours des trois premiers siècles cette étude se propose de répondre à cette question linguistique mais également une autre interrogation fondamentale celle des différences entre les conceptions chrétienne et philosophique de la conversion Pour tous cette notion est l'une des bases essentielles de la vie spirituelle mais les uns et les autres ne la puisent pas du tout aux mêmes sources pour les premiers elle n'acquiert son plein sens que dans le mystère du Christ pour les seconds elle constitue le devoir de rationaliser ce que l'on porte en soi Deux attitudes opposées devant l'existence qui font elles aussi choix des problématiques contemporaines Le thème de la conversion rejoint en effet la recherche catéchétique et théologique d'aujourd'hui dans ce qu'elle a de plus profond Il exprime en effet la

Elle est d'ailleurs une attitude permanente puisque on ne cesse jamais de se convertir tout l'itinéraire de l'âme est conversion. C'est donc finalement une des composantes essentielles de l'existence religieuse que cet ouvrage nous permet de découvrir du questionnement autour des rencontres linguistiques de l'Antiquité. Religion and International Law Robert Uerpmann-Wittzack, Evelyne Lagrange, Stefan Oeter, 2018-08-13 Growing religious antagonisms are challenging the ultimate goal of living together in peaceful societies. Living together explores international law responses beginning with their historic roots before the perspective shifts to the role of religious institutions and religious law. Contributions of different human rights bodies are analyzed before further sections deal with the international protection of religion, the relationship between religious beliefs and freedom of expression, and the roles of other individual rights. Religion and International Law originates from the long standing cooperation between the German and the French Societies of International Law thus bringing together the traditions of French laicism and a cooperative German approach. Experts from Austria, Italy, Poland, Portugal, and the UK complement the pan-European perspective.

Politique et Société en Sicile, XIIe-XVe Siècles Henri Bresc, 2024-10-28 In the 12th century under its Norman rulers Sicily stood as one of the most flourishing regions of the Mediterranean. By the late 15th century it had sunk into the state of semi-colonial depression and dependence that has characterized so much of its modern history. It is this transformation, a process of socio-economic change that went hand in hand with political turmoil that forms the subject of this volume. Henri Bresc approaches this both from the viewpoint of particular topics such as the notarial class or the tiny island of Pantelleria and that of larger themes. One of these is the composition of Sicily's population. These articles trace the deteriorating status of the Arabs and Greeks on the island, the demographic circumstances that brought in new immigrants notably Albanians but also corsairs, and the emergence of a society now dominated by its Latin and Italian components. Other articles contrast the intensive suburban agriculture with the empty spaces of the large estates and throw light on the development of a new landowning structure based on these estates which were given over to cereals grown for export in order to meet the financial demands of the long conflict with the Angevins. Au 12^e siècle sous le règne de rois normands la Sicile était une des régions les plus prospères de la Méditerranée. À la fin du 15^e siècle elle avait sombré dans l'état de dépression et de dépendance semi-coloniale qui est devenu la marque d'une grande partie de son histoire moderne. Cette transformation, un processus de changement socio-économique accompagné de bouleversements politiques, forme le sujet de cet ouvrage. L'approche de Henri Bresc se fait à deux niveaux selon l'angle de sujets spécifiques tels la classe notariale ou encore la minuscule île de Pantelleria et partir de thèmes plus vastes. Parmi ces derniers se trouve la composition de la population sicilienne. Ces articles retracent la détérioration du
