Les Musulmans En Prison En Grande-Bretagne Et En France:

Les musulmans en prison en Grande-Bretagne et en France James A. Beckford, Danièle Joly, Farhad Khosrokhavar, 2013-03-28 Ce livre s'appuie sur une recherche sociologique originale qui recourt des entretiens avec les détenus et le personnel pénitentiaire et analyse les réponses des autorités anglaises et françaises au nombre croissant de détenus musulmans. L'expérience accumulée de l'aumônerie chrétienne dans les prisons britanniques a permis de mieux répondre aux revendications des musulmans et ce d'autant plus que l'Islam y est reconnu institutionnellement. Par contraste les prisons françaises fournissent aux prisonniers musulmans peu d'occasions de pratiquer leur religion sous la direction d'imams qualifiés. Les conclusions de trois années de recherche intensive dans plusieurs prisons montrent que les prisons britanniques facilitent le contrôle et l'intégration de l'Islam alors que les prisons françaises le découragent et de cette façon développent des revendications extrêmes. Religion and Prison: An Overview of Contemporary Europe Julia Martínez-Ariño, Anne-Laure Zwilling, 2020-07-07 This volume offers a European overview of the management of religious diversity in prisons and provides readers with rich empirical material and a comparative perspective. The chapters combine both legal and sociological approaches. Coverage for each country includes historical background, current penitentiary organization and recent changes or trends. In their exploration of legal aspects, the contributors look at such factors as the status of prison chaplains and regulations concerning religious practice and religious freedom. These include meals, prayers and visits. The sociological analysis examines religious discrimination in prison, church-prison relations, conversion and proselytism, and more. The European coverage includes countries for which such information is seldom available. The book offers readers a better understanding of governance of religion in prisons. This text appeals to students, researchers and professionals in the field. The Centrality of Religion in Social Life Eileen Barker, 2010 A collection of the themes that are important for today's sociology of religion, this volume is essential for anyone interested in religion's place in contemporary society. It answers many questions and raises many new ones. The breadth of topics examined in this collection is evidence of James Beckford's many contributions to the sociology of religion and more importantly to advancing the argument that we cannot understand society even presumably today's secular society without some appreciation for the role of religion. A much deserved recognition. A fitting tribute to a distinguished career, this book is a celebration of James Beckford's lifelong endeavor to make religion central to social theory. An excellent collection of thoughtful and often innovative essays from some of the best sociologists of religion, developing many of the important themes so masterfully treated in Jim Beckford's work. Chock full of helpful new insights, everyone in the sociology of religion will find something of interest and significance in this book. Befitting the career of James Beckford, this book contributes to a genuinely comparative sociology of religion. *Exploring the Postsecular*, 2010-05-17 The re-emergence of the religious in secular domains has led prominent scholars such as Jürgen Habermas and Charles Taylor to speculate about a new postsecular age. The alleged shift from the secular to the postsecular

is most visible in the spheres of urban public space governance and civil society This volume addresses contemporary relations between religion politics and urban societies primarily from a theoretical perspective while also paying attention to empirical manifestations of the central conceptual ideas The primary focus is the relations between public religion deprivatization of religion and theorizations of modernity and modernities with the secondary and closely related focus on theorizing postsecular urbanism including the role of faith based organizations FBOs in cities Contributors include Justin Beaumont James A Beckford Luke Bretherton Paul Cloke Candice Dias Wilhelm Gr b Maaïke de Haardt Jason Hackworth Christoph Jedan Kim Knott Michiel Leezenberg Bernice Martin David Martin Gregor McLennan Arie L Molendijk Nihan zdemir S nmez Martijn Oosterbaan Andy F Sanders Anke Schuster and Hetty Zock *Reasonable Accommodation* Lori G.
