Les Passagers Du Vent 02 Le Ponton Francois Bourgeon:

Masters of the Ninth Art Matthew Screech, 2005-01-01 In English speaking countries Francophone comic strips like Hergé's Les Aventures de Tintin and Goscinny and Uderzo's Les Aventures d'Asterix are viewed and marketed as children's literature. But in Belgium and France their respective countries of origin such strips known as bandes dessinées are considered a genuine art form or more specifically the ninth art. But what accounts for the drastic difference in the way such comics are received. In Masters of the Ninth Art Matthew Screech explores that difference in the reception and reputation of bandes dessinées. Along with in-depth looks at Tintin and Asterix Screech considers other major comics artists such as Jacques Tardi, Jean Giraud and Moebius assessing in the process their role in Francophone literary and artistic culture. Illustrated with images from the artists discussed Masters of the Ninth Art will appeal to students of European popular culture, literature and graphic art. *Norsk bokfortegnelse*, 1990 French books in print, anglais Electre, 2002
