

The Sign-In Message

When you first sign in, a short message is usually displayed. This contains information on updates in SABRE or promotional material from the vendors selling their services through SABRE.

Signing into all Areas

The above entry will sign you into one area of SABRE. There are actually six working areas in SABRE:- **A, B, C, D, E, F**. To sign into all areas place a * after SI

Example
SI*5000

The password will remain the same. This time the response will be:

2EA0.2EA0*AST.A.B.C.D.E.F.

Changing Areas

If you wish to change from one area to another make the entry **AF**. This will move you into area F

Notes:

- 1) The 6 working areas allow the agent to move quickly from one area to another without having to complete the transaction currently in progress
- 2) More than one agent can be signed into the same CRT, each one signing into specific areas, thus eliminating the need for continual signing in and out
- 3) To sign into a specific area: **SID1234** where D is the area you wish to sign into

Displaying the Sign-In

The following are entries to display the sign-in status:

- | | |
|------------|---|
| *S | displays who is currently signed into that working area |
| *S* | displays who is currently signed into which working areas |
| S/* | redispays the sign-in message |

SIGN-OUT

To sign out of the area you are currently working in use the entry **SO**

To sign out of all areas you are currently signed into, use the entry **SO***

If you have a transaction active in any area when you attempt to sign out eg,a PNR or a STAR, SABRE will not sign out but will tell you in which area you must finish a transaction

Manual Sabre Interact

VM Jensen

Manual Sabre Interact:

Interactive Media Roy Rada, 2012-12-06 This book was written for students and practitioners of engineering and social sciences including computer information communication library business management and cognitive science The topic is the relationship between people and interactive media The book describes individuals groups and organizations An understanding of people is critical to an understanding of the technology which can help people This book was written with the help of a special computer system for authoring called the Many Using and Creating Hypertext MUCH system Students and researchers from the University of Liverpool contributed to the book through the MUCH system Classes at the University of Liverpool both undergraduate classes and master s degree classes have used various drafts of this book as required reading The book has been available to the students online via the MUCH system and the students have provided helpful feedback for the contents of the book The author is particularly grateful for the contributions of Antonios Michailidis and Alex Birchall Antonios s influence is most prominent in the chapters on groups and Alex s in the latter chapters on organizations Claude Ghaoui coordinated the book authoring and production team and Anthony Deakin provided finishing touches

Moody's Transportation Manual , 1996 **The Human-Computer Interaction Handbook** Andrew Sears, Julie A. Jacko, 2007-09-19 This second edition of The Human Computer Interaction Handbook provides an updated comprehensive overview of the most important research in the field including insights that are directly applicable throughout the process of developing effective interactive information technologies It features cutting edge advances to the scientific **CRAY Mini Manual. Revision D** , 1993 Handbook of Human Factors and Ergonomics Gavriel Salvendy, 1997-05-12 In orchestrating this book Dr Salvendy invited contributions from more than 100 of the foremost authorities around the world Each of its 60 chapters was reviewed by an international advisory panel comprised of some of today s leading figures in human factors and ergonomics While each chapter establishes the theoretical and empirical foundations of the subject under discussion the book s approach is primarily applications oriented Hence throughout readers will find case studies examples figures and tables that optimize the usability of the material presented It is an indispensable tool for human factors and ergonomics specialists safety and industrial hygiene professionals and engineers human resource professionals and managers in manufacturing and service industries and for educational institutions and government **BOOK JACKET** *Computerworld* , 1997-07-07 For more than 40 years Computerworld has been the leading source of technology news and information for IT influencers worldwide Computerworld s award winning Web site Computerworld.com twice monthly publication focused conference series and custom research form the hub of the world s largest global IT media network **A Directory of Computer Software Applications** United States.
