Gulf War and Health Institute of Medicine,Board on Health Promotion

and Disease Prevention,Committee on Gulf War and Health: Literature Review of Pesticides and Solvents,2003-12-10 Gulf War and Health Volume 2 is the second in a series of congressionally mandated studies by the Institute of Medicine that provides a comprehensive assessment of the available scientific literature on potential health effects of exposure to certain biological chemical and environmental agents associated with the Gulf War In this second study the committee evaluated the published peer reviewed literature on exposure to insecticides and solvents thought to have been present during the 1990 1991 war Because little information exists on actual exposure levels a critical factor when assessing health effects the committee could not draw specific conclusions about the health problems of Gulf War veterans However the study found some evidence although usually limited to link specific long term health outcomes with exposure to certain insecticides and solvents The next phase of the series will examine the literature on potential health effects associated with exposure to

selected environmental pollutants and particulates such as oil well fires and jet fuels **INFOFISH International** ,2002
