Microserfs Douglas Coupland,1995 Young people working for Microsoft decide to make a bid for freedom by founding their own software company The novel narrated as an online journal by danielu microsoft com describes the ups and downs of raising money for a new business By the author of Generation X   **Precarious Labour and the Contemporary Novel** Liam Connell,2017-10-13 This book is a major study of the presentation of work and workers in contemporary novels from India North America and the UK Drawing on lively recent theories about work it shows how the novel is a crucial form for helping us to understand what work means in contemporary society It tackles some of the most urgent questions of contemporary life by examining the stories about work that novels produce Including detailed readings of authors such as Douglas Coupland David Foster Wallace Joshua Ferris Arivand Adiga Chetan Bhagat and Monica Ali it explores how the presentation of fictional characters lays open the experience of insecure and precarious existence in the contemporary era This study illustrates that novels provide an essential tool for understanding what work is and how we feel when we do it

Hybrid Fictions Daniel Grassian,2015-09-11 Since the 1960s academics have theorized that literature is on its way to becoming obsolete or at the very least has lost part of its power as an influential medium of social and cultural critique This work argues against that misconception and maintains that contemporary American literature is not only alive and well but has grown in significant ways that reflect changes in American culture during the last twenty years In addition this work argues that beginning in the 1980s a new allied generation of American writers born from the late 1950s to the early 1970s has emerged whose hybrid fiction blend distinct elements of previous American literary movements and contain divided social cultural and ethnic allegiances The author explores psychological philosophical ethnic and technological hybridity The author also argues for the importance of and need for literature in contemporary America and considers its future possibilities in the realms of the Internet and hypertext David Foster Wallace Neal Stephenson Douglas Coupland Sherman Alexie William Vollmann Michele Serros and Dave Eggers are among the writers whose hybrid fictions are discussed
