James Ulmer's Hollywood Hot List James Ulmer,2025-06-25 The little black book that s next to every studio executive s palm pilot the real scoop on Hollywood s top 200 stars Who s hot Who s not Who can green light any project that they want Who s begging for scraps For years the film industry s elite have looked to James Ulmer s Hollywood Hot List to measure who was really worth a multimillion dollar payday and who should be pasture bound Ulmer s star power rankings can change a star s salary or even whether or not he or she gets a role An actor s star power includes Bankability How the actor s name alone guarantees a sale up front in today s global marketplace Career management How well has the actor chosen roles to maximize career potential Willingness to travel and promote How cooperative is the actor in promoting projects Professionalism How reliable is the actor to work with both on and off the set Inside Dirt The truth about what it s like to work with the top 200 actors worldwide Box office bait Who the actor has worked for and how much the project made Ulmer s information is culled from those who work closely with the stars their agents co stars movie producers directors distributors and personal assistants The opinions of those in the know and the dollars a star can earn measure the true value of the actors in Hollywood Find out who owns Tinseltown who s just renting and who s being evicted      *How Television Invented New Media* Sheila C. Murphy,2011-03-17 Now if I just remembered where I put that original TV play device the universal remote control Television is a global industry a medium of representation an architectural component of space and a nearly universal frame of reference for viewers Yet it is also an abstraction and an often misunderstood science whose critical influence on the development history and diffusion of new media has been both minimized and overlooked How Television Invented New Media adjusts the picture of television culturally while providing a corrective history of new media studies itself Personal computers video game systems even iPods and the Internet built upon and borrowed from television to become viable forms The earliest personal computers disguised as video games using TV sets as monitors provided a case study for television s key role in the emergence of digital interactive devices Sheila C Murphy analyzes how specific technologies emerge and how representations from South Park to Dr Horrible s Sing Along Blog mine the history of television just as they converge with new methods of the making and circulation of images Past and failed attempts to link television to computers and the Web also indicate how services like Hulu or Netflix On Demand can give rise to a new era for entertainment and program viewing online In these concrete ways television s role in new and emerging media is solidified and finally recognized      Guide To Current American Government 2003 Fall CQ Press,2003-07-25 CQ s Guide to Current American Government is a timely collection of the best Congressional Quarterly reporting as published during the past six months in the CQ Weekly and related CQ publications The articles are arranged in four sections elections institutions politics and public policy and foundations of American government Articles were chosen to complement American government

courses with the following special reports Homeland security President Bush's efforts in the fight against terrorism The tensions between Congress and Bush over who decides on war The role of the branches in both war and foreign policy The 2002 elections for control of Congress Ideal for both specific research and general reading the articles provide up to date reporting and analyses of current issues and controversies
