**Decennial Edition of the American Digest** ,1922 Prodigals and Pilgrims Jay Fliegelman,1982 The author traces a constellation of intimately related ideas about the nature of parental authority and filial rights of moral obligation of Scripture of the growth of the mind and the nature of historical progress from their most important English and continental expressions in a variety of literary and theological texts to their transmission reception and application in Revolutionary America and in the early national period of American culture *Books and Pamphlets Relating to the American Revolution, with Bibliographical Notes* Lathrop C. Because of this broad interest and input this handbook serves as the single authoritative reference work which brings together the vast growing interdisciplinary and at times contradictory body of literature For both established researchers practitioners and those new to the field this Handbook provides a one stop shop as well as a launching pad for new explorations and discussions     **The New Werner Twentieth Century Edition of the Encyclopaedia Britannica** ,1907
