*Marvelous Minilessons for Teaching Nonfiction Writing K-3* Lori Jamison Rog, 2015-12-11 Today's young learners know more about their world than ever before. This remarkable book shows that even our youngest writers can consider audience and purpose as they use nonfiction writing to document their ideas and share those ideas with others. But if students are going to be able to use writing to learn, they must have opportunities for learning to write. That's what this book is for. A wealth of hands-on minilessons offer strategies for writing informational, persuasive, and procedural text. Each lesson starts with a learning goal and follows an I do, we do, you do format. Teachers will find a wealth of ideas for guiding young students to write about what they know and care about. *Units of Study for Teaching Writing* Lucy Calkins, Kathy Collins, 2006 This series of books is designed to help upper elementary teachers teach a rigorous yearlong writing curriculum. *Innovative Voices in Education* Eileen Gale Kugler, 2012-01-31 Diverse schools offer enriched academic and social environments as students and families of different backgrounds and experiences provide a vibrant mosaic of insights, perspectives, and skills. To take advantage of the unique opportunities that diversity brings, schools must value and effectively connect with students and families of all backgrounds. Committed educators are taking on this challenge with gusto, engaging their diverse communities on a daily basis. This book highlights stories from around the world as innovative teachers, educational leaders, and community activists passionately share personal accounts of their successes, challenges, and lessons learned. These are unsung heroes doing vital work each day with little attention beyond the appreciation of their own school communities. The 17 chapters, each by different authors with unique experiences, provide insights, strategies, and new tools that will be of value to anyone who is concerned about improving education for all. These diverse innovative voices will inform, engage, and most of all, inspire you. **Strategies for Implementing Writer's Workshop** Richard Gentry, Jan McNeel, 2016-03-01 This research-based, easy-to-use resource includes all the tools needed to create a successful Writer's Workshop and enhance student writing.
