a dynamic, two-way exchange

MARTIN JENKINS

## YOU can turn insights into action

The research provides interesting insights. But without action, insights are of little value to the community services sector. Clear logic, dedicated funding, meaningful partnerships, and careful design could enable CSOs to run more kindness programmes for the benefit of their clients, themselves, and wider society.

## CSOs can...

1. Carry on doing what you are doing - your kindness is important **make** that a plan by more people than you think.
2. Unpack what kindness means in your organisation, and what it looks like in action if it is framed as a dynamic, two-way exchange.
3. Consider how you currently use kindness for achieve strategic objectives and to put values into action - and what opportunities may exist to do this more.
4. Clearly articulate the role of kindness in achieving your programme objectives.

## Intermediaries can...

1. Raise awareness of kindness as an intervention.
2. Explore further the possible perception that some people are less deserving of kindness, and how this perception may impact the use of kindness programmes.
3. Work with CSOs, including M40-led providers, to co-design kindness programmes that are appropriate to the people the CSO works with.
4. Work with funders to help them to understand and measure the contribution of kindness.

## Funders can...

1. Unpack what it means to be a kind funder.
2. Review requirements of funded organisations to ensure they create a kind environment for funding.
3. Support cross-organisation/sector-wide kindness initiatives, and measurement.

## Tips for avoiding kindness mis-steps

1. Define kindness as a dynamic, two-way exchange
2. Practice active listening
3. Respect boundaries
4. Seek cultural awareness
5. Empower, don't enable
6. Consider long-term impact
7. Collaborate and seek consent
8. Be realistic about your capacity and skills
9. Reflect and learn
10. Regularly self-reflect

## **Kindness Research Paper:**

**The Meaning of Kindness** Joanna Szafran, Anna Cwojdzńska, 2024-01-22 Scholarly reflection on kindness raises a variety of issues and perspectives In order to consider the impact of kindness on various aspects of human existence it is first necessary to give it a concrete meaning This seemingly simple task turns out to be quite challenging The prevailing definitional chaos in the literature the lack of consensus on basic terminological assumptions indicates a deficit in the theoretical understanding of the concept of kindness and perhaps more importantly poses a problem when attempting to verify existing empirical findings raising doubts about the generalizability of the conclusions and possible comparative studies The book is an attempt to clarify the definition of the phenomenon of kindness It is the result of the first research of its kind and carried out on such a scale in Poland The main aim of the study was to determine how Polish youth understands the concept of kindness

**Can Lovingkindness Meditation increase Trust and Trustworthiness in Strangers?** Liweilan Ma, 2018-05-28 Bachelor Thesis from the year 2016 in the subject Economics

Other grade 1 0 Karlsruhe Institute of Technology KIT ECON language English abstract Kindness and trust are essential part of our society since they are required everywhere where humans interact with each other However nowadays rising societal isolation and distrust within the society can be observed therefore we ask the question whether and how these qualities can

be fostered In this study we designed an economical experiment in order to examine whether the traditional Buddhist practice called lovingkindness meditation can increase trust trustworthiness and kindness In order to assess the effects of time spent on practice one treatment is a brief loving kindness meditation in a controlled laboratory context while the second is an intervention lasting eight weeks In comparison to the neutral control groups a significant increase of trust trustworthiness and kindness of the lovingkindness meditation group is expected In addition we hypothesized that participants of the field experiment will show larger positive effects in these three measurements than those of the laboratory treatment

### **Buddhist Approach to Harmonious Families, Healthcare and Sustainable Societies**

Thich Duc Thien, Thich Nhat Tu, 2019-04-16 EDITORS INTRODUCTION BACKGROUND There have been major changes in world today and that the term Global Leadership and Sustainable Development is no longer taken for granted as a point of reference for understanding the contemporary chaotic situation These disruptive changes mean that it is now arguable as to whether we still live in a world of justice equality peace and prosperity The nature of these changes and the concepts of the Buddhist approach are central to the whole project of this book In this light we place great emphasis on understanding Buddhist teaching in dealing with this matter We argue that any investigation of the changing character and context of the present time needs to take account of the Buddhist philosophy We focus on providing a thorough and critical understanding of change taking place as a starting point of discussion In doing so we attempt to clarify the nature of the Buddhist approach It may be more productively understood as the result of a complex contested and fragile set of arrangements which in this book we term as approach We do not imply that the frameworks based on the Buddhist teachings are fully fixed and agreed by everybody Rather it would refer to a set of arrangements that need to be further discussed Given the above this volume collects together papers presented at the international workshop on Buddhist Approach to Harmonious Families Healthcare and Sustainable Societies which took place on 13 May 2019 at International Conference Center Tam Chuc Ha Nam Vietnam on the occasion of THE 16TH UNITED NATIONS DAY OF VESAK CELEBRATIONS 2019 The participants in this workshop were not representative of the mainstream thinking or conventional wisdom of this field although this volume reflects this richness and diversity Treating the Buddha teachings as a basic theoretical reconstruction we examine the relationships between the societies and Buddhist responsibilities We combine analyses of the conflicts trends and dynamics affecting future development with more focused studies on a range of policy areas migration education leadership climate change etc Two of our most crucial presumptions are that making Buddhism great again at the time of disruption is our first and foremost duty and the Buddhist responsibility can contribute to creating a new foundation for Global Leadership and Sustainable Development
