the main aim of producing soldiers knives for the Swiss Army which had to date been bought from German sources By the end of the year the first batch had been delivered and Elsener s plan proved a success the first knife known by name rather than type number the Soldier s knife had a blade awl can opener and screwdriver Then the development started as well as the simple Soldier s knife he quickly developed the Student Knife the Cadet Knife and Farmer s Knife Because the Soldier s knife was heavy Elsener developed the lighter Officer s knife with an added second blade and a corkscrew On 26 April 2005 Victorinox acquired Wenger its historic rival and the other official supplier of the Swiss Army knife It also started expanding its product range to include fragrances travel gear and watches Victorinox has since licensed the Swiss Army brand and shield logo to companies producing watches writing tools luggage and clothing Victorinox produces some 34 000 Swiss Army knives 38 000 multi tools and 30 000 household kitchen and knives per workday Approximately 90 percent of its production is exported to more than 100 countries With a wide reach and diverse product development it s no wonder their knives are so popular
