Linde Service Training Manual:

Intelligent Autonomous Vehicles 1995 K. Koskinen,Aarne Halme,2014-05-23 The area of intelligent autonomous vehicles or robots has proved to be very active and extensive both in challenging applications as well as in the source of theoretical development Automation technology is rapidly developing in many areas including agriculture mining traditional manufacturing automotive industry and space exploration The 2nd IFAC Conference on Intelligent Autonomous Vehicles 1995 provides the forum to exchange ideas and results among the leading researchers and practitioners in the field This publication brings together the papers presented at the latest in the series and provides a key evaluation of developments in automation technologies *Intelligent Autonomous Vehicles* ,1995 Instructor's Manual for Mine Rescue Training ,1981

The Jet Sex Victoria Vantoch,2013-03-05 In the years after World War II the airline stewardess became one of the most celebrated symbols of American womanhood Stewardesses appeared on magazine covers on lecture circuits and in ad campaigns for everything from milk to cigarettes Airlines enlisted them to pose for publicity shots mingle with international dignitaries and even serve in sequined minidresses as the official hostesses at Richard Nixon s inaugural ball Embodying mainstream America s perfect woman the stewardess was an ambassador of femininity and the American way both at home and abroad Young beautiful unmarried intelligent charming and nurturing she inspired young girls everywhere to set their sights on the sky In *The Jet Sex* Victoria Vantoch explores in rich detail how multiple forces business strategy advertising race sexuality and Cold War politics cultivated an image of the stewardess that reflected America s vision of itself from the wholesome girl next door of the 1940s to the cosmopolitan glamour girl of the Jet Age to the sexy playmate of the 1960s Though airlines marketed her as the consummate hostess an expert at pampering her mostly male passengers while mixing martinis and allaying their fears of flying she bridged the gap between the idealized 1950s housewife and the emerging working woman On the international stage this select cadre of women served as ambassadors of their nation in the propaganda clashes of the Cold War The stylish Pucci clad American stewardess represented the United States as middle class and consumer oriented hallmarks of capitalism s success and a stark contrast to her counterpart at Aeroflot the Soviet national airline As the apotheosis of feminine charm and American careerism the stewardess subtly bucked traditional gender roles and paved the way for the women s movement Drawing on industry archives and hundreds of interviews this vibrant cultural history offers a fresh perspective on the sweeping changes in twentieth century American life **Manual**
