Harmakaputra,2022-09-19 In A Christian Muslim Comparative Theology of Saints The Community of God s Friends Hans A Harmakaputra focuses on a question that emerges from today s multi faith context Is it possible for Christians to recognize non Christians as saints To answer affirmatively he offers a Christian perspective on an inclusive theology of saints through the lens of comparative theology that is based on the thought of Catholic Protestant and Muslim theologians Karl Rahner Jean Luc Marion Elizabeth Johnson Dietrich Bonhoeffer Paul Tillich and Ibn Arab As a result of this interreligious comparison three theological constructs emerge 1 saints as manifestations and revealers of God s self communication 2 the hiddenness of saints and 3 saints as companions These theological constructs redefine and reconfigure Christian understanding of saints on one hand and on the other hand provide theological reasoning to include non Christians in the Christian notion of the communion of saints **Contextualising dialogue, secularisation and pluralism** Martin Ubani,Inkeri Rissanen,Saila Poulter,2019 Dialogue secularisation and pluralism have been key concepts in international discussions concerning religion public space and education for the past decades Due to increasingly intense intercultural and transnational movements national educational systems face new challenges in negotiating with the multitude of civic identities and memberships those being also related to religions and worldviews The purpose of this volume is to enrich and complement the discussion concerning religion in education by contextualising the respective phenomena in the current Finnish educational policy and practice as well as by drawing together empirical and theoretical observations from several case analyses Even though international comparative studies are integral for the development of knowledge on religion and education this localised approach concentrating on the Finnish education system provides an interesting case for the analysis in many ways The Finnish society is rather slowly becoming diverse and plural whereas the processes of secularisation have recently been quite rapid The volume at hand discusses how these changes of secularisation and pluralisation in a religious landscape create new conditions for understanding educational dialogue amidst diversity [Illinois Calendar of Events](#) ,1998 **Municipal Liability: Law and Practice, 4th Edition** Fontana,2018-11-14 Municipal Liability Law and Practice Fourth Edition *General Synod Directory and Plan Calendar* Reformed Church in America. Christmas has become a battleground for raging culture wars marred by debates about how it should be celebrated and acknowledged as a uniquely Christian holiday This text argues that much of the animosity is based on a fundamental misunderstanding of the holiday s core character By tracing Christmas s origins as a pagan celebration of the winter solstice and its development in Europe s Christianization this history explains that the true reason for the season has as much to do with the earth s movement around the sun as with the birth of Christ Chapters chronicle how Christmas s magic and misrule link to the nativity and why the carnival side of the holiday appears so separated from traditional Christian beliefs **The Northwestern Lutheran** ,1975 *American Book Publishing Record Cumulative, 1950-1977* R.R.
