Viefhues-Bailey,2023-10-10 Through a potent mix of authoritarianism heterosexism xenophobia and ethnoracial nationalism powerful illiberal Christian movements have upended liberal democracies in countries that were once seen as paradigms of secular governance Ludger H Viefhues Bailey offers new insight into the foundations of these movements demonstrating how they emerge from the contradictions at the intersection of secularism and democracy *No Separation* examines recent conflicts that link national identity religion and sexuality debates over Muslim veiling practices in Germany same sex marriage in France and migration and abortion in the United States In each case illiberal Christianities portray popular sovereignty as threatened at the same time as they display an obsessive concern with the politics of sex and
