achievement of the nineteenth century novel a form dedicated to experimenting with democratic social practice as it conflicts with economic and feudal visions of social order Through revisionary readings of familiar nineteenth century texts *The English Novel in History 1840-1895* takes a multidisciplinary approach to literary history It highlights how narrative shifts from one construction of time to another and reformulates fundamental ideas of identity nature and society Elizabeth Ermarth discusses the range of novels alongside other cultural material including painting science religious political and economic theory She explores the problems of how a society as defined in democratic terms can accommodate political gender and class differences without resorting to hierarchy and how narrowly conceived economic agendas compete with social cohesion Students advanced undergraduates postgraduates and specialists will find this text invaluable

Issues of Identity in Indian English Fiction H. S. Komalesha,2008 Rapid developments in the fields of trade market commerce and telecommunication technologies together with cultural confrontations at the global level are creating a paradigmatic shift in people's understanding of selfhood and identity This book makes a serious attempt to trace and map out the making of contemporary post national identities within the subcontinental cultural production of India and in its English Fiction One of the structural ventures of this study is that these newer identities which are basically fragmented ruptured hyphenated and palimpsestic in nature require new descriptions and new elaborations within the field of creative literature and literary criticism In order to pursue its research on these lines the present work contrasts the notion of subjecthood and identity with the earlier phases of Indian

cultural imagination as represented in some of the pioneering works of Indian English Fiction that have now attained a canonical status By analysing some of the predominant concerns that work as leitmotif in most of the Indian English novels the book brings together and reinterprets some problematic concepts such as history culture religion nation and nationalism and creates a theoretical axis upon which it charts insightful and engaging aspects of selfhood and identity **The Year-book of the Scientific and Learned Societies of Great Britain and Ireland** ,1907 *Bookseller and the Stationery Trades' Journal* ,1891 *Library Journal* Melvil Dewey,Richard Rogers Bowker,L.
