You will learn the basics of editing your images with Photoshop Elements and will learn how best to use the program's many new features. In this new cross platform Mac and Windows version of the book you will receive complete coverage of all of the new features of Adobe Photoshop 8. Use People Recognition to automatically identify people in your photos. Auto Analyzer to find your most interesting and highest quality shots. recompose photos to any size or to fit a specific layout without distortion. perform one step color and lighting adjustments. create perfectly lit shots with Photomerge. Exposure manage your photo library in a single catalog that's automatically synched across multiple computers and much more. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book search for "Where are the lesson files." Go to the very last page of the book and scroll backwards. You will need a web enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device it is possible that your display settings will cut off part of the URL. To make sure this is not the case try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.
