

MANAGEMENT ACCOUNTING

5. As to existence

is optional, existence and functions depend upon the management of the company

6. Precision and timeliness of report

timeliness is often more important to managers than precision. Prompt submission is necessary to preserve its usefulness for decision making

FINANCIAL ACCOUNTING

is mandatory, financial statements are required not only by the stockholders, creditors but also by the different regulatory bodies

reports are still useful even if submitted late, precision is required

ORGANIZATION STRUCTURE AND THE MANAGEMENT ACCOUNTANT

Management accounting is intended to include persons involved in such functions as controllership, treasury, financial analysis, planning and budgeting, cost accounting, internal audit and general accounting. Thus, management accountant may have titles as controller, treasurer, budget analyst, cost analyst, cost accountant among others.

LINE AND STAFF RELATIONSHIP

Line authority – authority to command action or give order to subordinates. Line managers are directly responsible for attaining the objectives of the company as efficiently as possible.

Staff authority – is the authority to advise but not command others. Staff managers give support, advice and service to line departments

Narrating the Management Guru David Collins, 2007-04-25 David Collins a well respected scholar of management gurus proves a critical reappraisal of the very influential work of Tom Peters This volume examines his key works and reviews his detractors offering an analysis of his contributions to the field of management that goes beyond the simple chronological model that has previously been used Collins focuses on the changing narratives of Tom Peters and proposes a four fold narrative typology to explore this guru s evolving account of the business of management The book argues that Peters success as a guru derives from his abilities as a storyteller The author notes a decline in Peters storytelling and an increasing reliance on certain story types Furthermore he observes that this guru now tends to place himself at the centre of his narratives of business and change On the strength of this analysis Collins concludes that Peters has lost the plot and argues that new and more appropriate narratives must be sought and developed Critical and compelling this excellent book is a must read for all students and instructors working across the management spectrum especially in the areas of management organizational behaviour change management and corporate strategy *DOD Pam* United States.
