The Broken Hearth William J. Bennett, 2002-02-05 Bestselling author William Bennett addresses the central social issue of our time the decline of the family in a book as intellectually provocative and politically controversial as his landmark *The Death of Outrage*. Our recent economic prosperity has masked the devastation of the American family which is now under siege as never before. From the dramatic rise in illegitimacy divorce and single parenthood to the call for the recognition of gay marriages the traditional nuclear family is being radically challenged and undermined along with the moral and legal consensus that once supported it. Now in *The Broken Hearth* William Bennett America's foremost conservative spokesperson on matters of family values presents a strong well reasoned and informed defense of the traditional family. Interweaving history anthropology law social science and the teachings of Western religions he argues that marriage between a man and a woman and the creation of a permanent loving and nurturing environment for children is a great historical achievement one that should not be lightly abandoned in favor of more progressive arrangements. Bennett displays his ability to combine fearless conviction acute insight and respect for his adversaries in thorough balanced and enlightening discussions of single parenthood cohabitation gay marriage and other trends that are undercutting the ideal of the family as the essential foundation of society. Looking closely at the concerns and questions that divide America Bennett provides a powerful affirmation of family life and the values and benefits it bestows on individuals and on society as a whole. **The Routledge**

Putting Burdens on Broken Shoulders Ken Crispin,2023-03-22 Conservative Christian views on marriage and divorce are often presented as bulwarks against the tragedy of marital breakdown Yet the advice given to divorced Christians and those facing the disintegration of their relationships is often irresponsible and damaging Women fleeing domestic violence are told they are bound to their abusers by indissoluble spiritual bonds Some are sent back to face further violence Children are exposed to further abuse People are condemned to lives of unnecessary loneliness and second marriages are undermined A pall is cast over many lives Why Why should vulnerable people be given advice that is so damaging Those who protest are told that this is what the Bible teaches But does it This book critically examines the relevant

texts revealing fundamental errors due to theological misconceptions and difficulties of understanding nuances of the original languages and the contexts in which crucial words were spoken Properly understood the relevant biblical passages do not lock people into intolerable situations Christians are called to be faithful in their marital relationships but not to pretend that former marriages still exist or refuse to recognize subsequent ones And we are called to embrace not condemn the brokenhearted

**Leading God's People** Richard Bondi,1989 In *Leading God s people* Richard Bondi discusses the risky business of exercising true pastoral leadership He recognizes that leaders who live only at the edge of a community can become detached from their community and unable to lead while those who commandeer the center can end up protecting its interests from dangerous opportunities at the edge Bondi thus engages in critical reflection on the church s mission to increase love for God and neighbor without the leader becoming paralyzed at either extreme Vivid stories of men and women in real life situations are interwoven throughout to demonstrate the temptation to play it safe at the risk of faithful leadership These stories provide a language for facing morally difficult pastoral situations and offer thought provoking ethical reflection instead of supplying easy answers Bondi draws from current work in narrative theology and character ethics to help develop an ethics for the practice of ministry Among Bondi s examples of transforming and transformative leadership are the apostle Paul Martin Luther King Jr and Alan Boesak Such leaders call us to become different kinds of people in order to embody the truth of the Christian story In addition to telling other great stories they all told the story of Christ an gave a destination to restless hearts How they did so and how others might do so as well is the story of the moral leader the leader who stands at the edge of the community where change and challenge occur from back cover
