,1984 **Paradoxes of Neoliberalism** Elizabeth Bernstein,Janet R Jakobsen,2021-12-24 From the rise of far right regimes

to the tumult of the COVID 19 pandemic recent years have brought global upheaval as well as the sedimentation of

longstanding social inequalities Analyzing the complexities of the current political moment in different geographic regions

this book addresses the paradoxical persistence of neoliberal policies and practices in order to ground the pursuit of a more

just world Engaging theories of decoloniality racial capitalism queer materialism and social reproduction this book

demonstrates the centrality of sexual politics to neoliberalism including both social relations and statecraft Drawing on

ethnographic case studies the authors show that gender and sexuality may be the site for policies like those pertaining to sex

trafficking which bundle together economics and changes to the structure of the state In other instances sexual politics are

crucial components of policies on issues ranging from the growth of financial services to migration Tracing the role of sexual

politics across different localities and through different political domains this book delineates the paradoxical assemblage

that makes up contemporary neoliberal hegemony In addition to exploring contemporary social relations of neoliberal

governance exploitation domination and exclusion the authors also consider gender and sexuality as forces that have shaped

myriad forms of community based activism and resistance including local efforts to pursue new forms of social change By

tracing neoliberal paradoxes across global sites the book delineates the multiple dimensions of economic and cultural

restructuring that have characterized neoliberal regimes and emergent activist responses to them This innovative analysis of

the relationship between gender justice and political economy will appeal to interdisciplinary scholars in social and cultural

studies legal and political theorists and the wide range of readers who are concerned with contemporary questions of social
