La Tabla De Flandes:

La tabla de Flandes Arturo Pérez-Reverte, 2021 *La tabla de flandes* Arturo Perez-Reverte, 1995 **La tabla de Flandes / The Flanders Panel** Arturo Pérez-Reverte, 2015-10-20

Un enigma del pasado y un misterio del presente se unen en un apasionante juego de trampas. Con motivo del 50 aniversario de Alfaguara este título ha sido elegido como uno de los 50 imprescindibles de la historia de la editorial. A finales del siglo XV un viejo maestro flamenco introduce en uno de sus cuadros en forma de partida de ajedrez la clave de un secreto que pudo cambiar la historia de Europa. Cinco siglos después una joven restauradora de arte, un anticuario homosexual y un excéntrico jugador de ajedrez unen sus fuerzas para tratar de resolver el enigma. La investigación les conduce a través de una apasionante pesquisa en la que los movimientos del juego irán abriendo las puertas de un misterio que acabará por envolver a todos sus protagonistas. La tabla de Flandes es un apasionante juego de trampas e inversiones: pintura, música, literatura, historia, lógica matemática que Arturo Pérez-Reverte encaja con diabolica destreza. La crítica ha dicho: Un trabajo elegante, refinado, enloquecedoramente inteligente. *The New York Times*. En el detalle de su background intelectual recuerda a las novelas de Umberto Eco. *El País*. No dejar de leerlo. *Times Literary Supplement*. Construcción rigurosa, dominio magistral del juego entre el presente y el pasado. Es casi perfecta. *Le Monde*. **ENGLISH DESCRIPTION** A fifteenth century painting by a Flemish master is about to be auctioned when Julia, a young art restorer, discovers a peculiar inscription hidden in a corner: Who killed the knight? In the painting, the Duke of Flanders and his knight are locked in a game of chess, and a dark lady lurks mysteriously in the background. Julia is determined to solve the five hundred year old murder, but as she begins to look for clues, several of her friends in the art world are brutally murdered in quick succession. Messages left with the bodies suggest a crucial connection between the chess game in the painting, the knight's murder, the sordid underside of the contemporary art world, and the latest deaths. Just when all of the players in the mystery seem to be pawns, themselves, events race toward a shocking conclusion. A thriller like no other, *The Flanders Panel* presents a tantalizing puzzle for any connoisseur of mystery, chess, art, and history. *Arturo Pérez-Reverte*. Anne L. Walsh, 2007. The complex narrative technique of one of Spain's most renowned contemporary authors. The writings of Arturo Pérez-Reverte, one of Spain's most renowned contemporary authors, have been described as a minefield. This monograph examines the complexities behind the narrative technique employed in creating such a minefield, including an analysis of the role played by both male and female characters, the relevance of the past as a motif, and aspects of the role of storytelling in creating mystery where none should exist. Both Revertian novels and journalistic writing are seen to be part of an overall game which is played between their author and his readers. Film too forms part of the material reviewed, as though Pérez-Reverte is not a scriptwriter; many films have been based on his novels. The text-centred analysis concludes that the themes of interest in all Revertian output revolve around two main areas: the significance of the past, whether historical, cultural, or literary; and the role of the written word in communicating, in rescuing, and in challenging versions of that past in order to

combat what Pérez-Reverte terms dismemory ANNE L WALSH lectures in Hispanic Studies at University College Cork

Crime Scenes Anne Mullen, Emer O'Beirne, 2000 The essays in this collection are based on papers given at a conference on detective fiction in European culture held at the University of Exeter in September 1997 The range of topics covered is designed to show not only the presence and variety of narratives of detection across different European countries and their different media although there is a predictable emphasis on the novel It also illustrates the fertility of the genre its openness to a spectrum of readings with different emphases formal as well as thematic Approaches to detective fiction have often tended to confine them selves to symptomatic interpretation where details of the fictional world represented are used to diagnose a specific set of social preoccupations and priorities operative at the time of writing Such approaches can yield valuable insights Nonetheless there is a risk of limiting the value of the genre as a whole solely to its role as a mirror held up to society In this perspective issues of structure and style are sidelined or if addressed are praised to the extent that they approach invisibility concision spareness realism are the qualities singled out for praise The genre also gives much scope for formal innovation and indeed has often attracted already established mainstream writers and filmmakers for just this reason The eclectic diversity of the detective narratives considered in this volume reveal the malleability of the traditional constraints of the genre The essays bear rich testimony to the value of considering the interplay of thematic and structural issues even in the most apparently unselfconscious and popular or populist forms of narrative The patterns of reassurance the triumph of intellect and the ordered rational world of old are now challenged by the need to foreground the problems ambiguities and uncertainties of the self and of society The plurality of meanings and the antithetical imperatives explored in these detective narratives confirm that the most recent forms of the genre are not mere palimpsests of their golden age precursors The subversion of traditional expectations and the implementation of diverse stylistic devices take the genre beyond mere homage and pastiche The role of the reader spectator and critic in conferring meaning is a crucial one **La**
