Musings Of A Misfit:

Musings of a Misfit Sunandan Misra, Subhankar Bagchi, 2014-12-29 Stupidity is everywhere Urban society follows closely behind And when an unorthodox contrarian decides to help tell which is which the never ending rules of social acceptability await disaster Sunandan Misra tells it as he sees it writing from the point of view of someone who started out doing what was expected of him by upper middle class Indian society before he took the plunge and forged his own unconventional path He is able to look at what is considered normal through a different lens observing the imperfect idiosyncrasies of the seemingly perfect people and describing his observations with the wit and wisdom of a modern day Indian Mark Twain Often whimsical and always hilarious *Musings of a Misfit* is a collection of essays and illustrative artwork that take conventional thinking and turn it on its ear Topics range from the moral hazards of SMS lingo to the virtues of procrastination to the problem with wedding receptions If your sensibilities are easily offended then this book is not for you But if you need to take a break from taking yourself too seriously then Misra will soon have you rolling on the floor laughing at the many absurdities of everyday life

Dramatizing Time in Twentieth-Century Fiction William Vesterman, 2014-07-17 How have twentieth century writers used techniques in fiction to communicate the human experience of time *Dramatizing Time in Twentieth Century Fiction*

explores this question by analyzing major narratives of the last century that demonstrate how time becomes variously manifested to reflect and illuminate its operation in our lives Offering close readings of both modernist and non modernist writers such as Wodehouse Stein Lewis Joyce Hemingway Faulkner Borges and Nabokov the author shares and unifies the belief as set forth by the distinguished philosopher Paul Ricoeur that narratives rather than philosophy best help us understand time They create and communicate its meanings through dramatizations in language and the reconfiguration of temporal experience This book explores the various responses of artistic imaginations to the mysteries of time and the needs of temporal organization in modern fiction It is therefore an important reference for anyone with an interest in twentieth century literature and the philosophy of time

Misfit Children Markus Bohlmann, 2016-12-14 Misfits are often confused with outcasts Yet misfits rather find themselves in between that which fits and that which does not This volume is interested in this slipperiness of misfits and explores the blockages and the promises of such movements as well as the processes and conditions that produce misfits the means that enable them to undo their denomination as misfits and the practices that turn those who fit into misfits and vice versa This collection of essays on misfit children produces transmissible motions across and engages in scholarly conversations that unfold betwixt and between in order to make rigid concepts twist and twirl and ultimately fail to fit

Startling Figures Michael O'Connell, 2023-08-01 *Startling Figures* is about Catholic fiction in a secular age and the rhetorical strategies Catholic writers employ to reach a skeptical indifferent or even hostile audience Although characters in contemporary Catholic fiction frequently struggle with doubt and fear these works retain a belief in the possibility for transcendent meaning and value beyond the limits of the purely secular Individual chapters include close readings of some of the best works of contemporary American Catholic fiction which shed light on the narrative techniques that Catholic writers use to point their characters and their readers beyond the horizon of secularity and toward an idea of transcendence while also making connections between the widely acknowledged twentieth century masters of the form and their twenty first century counterparts This book is focused both on the aspects of craft that Catholic writers employ to shape the reader s experience of the story and on the effect the story has on the reader One recurring theme that is central to both is how often Catholic writers use narrative violence and other similar disorienting techniques in order to unsettle the reader These moments can leave both characters within the stories and the readers themselves shaken and unmoored and this O
