

The background of the cover is a vibrant sci-fi illustration. A massive, white, cylindrical spaceship with various details like portholes and antennas is shown from a low angle, appearing to descend or ascend. A large, bright orange and yellow energy beam or exhaust plume emanates from a circular opening on its side. In the foreground, a lone figure in a blue and white spacesuit stands on a dark, rocky surface, looking up at the ship. The sky is a deep blue with a large, pale yellow moon and a smaller planet visible in the distance. The overall style is reminiscent of classic pulp magazine covers.

My Collection Of Short Stories:

Book Five - Short Stories Polly Blim, 2024-04-09 This is the fifth of six books which contain the complete collection of short stories by the late Polly Blim. Polly was not a writer but she had a talent for coming up with story ideas that I believe the reader would find interesting. Her stories touch upon nearly every genre imaginable with more than a hint of LGBTQ relationships and entanglements. Some are darker than others in dealing with love, hate, jealousy, revenge, and forbidden love in a web of mystery cast before a backdrop that leans towards horror and dark erotica. These stories were possibly destined to remain on a dusty shelf or be hidden away and eventually destroyed, so I hope you find them worthy of my saving and publishing so that Polly Blim's thoughts and imagination might be shared and hopefully appreciated. Judging them in the real world is difficult as a former friend, but I have found them entertaining with many surprising twists beneath their dark undertow. Admittedly, some of the stories are as dark as they are erotic, which she had tried to tame, but the world sometimes is not a very nice place in which these darker stories reflect Polly's feelings, which simply create a backdrop for stories which I think hold their own. I hope that you enjoy Polly's fifth book in a series entitled *Broken Dreams* with this selection of stories indicating her fondness for sci-fi with one particular post-puppet series. My enclosed stories begin with a pilot being trained to command a secret mission to hopefully save the earth but is nearly killed in training, which was no accident but via modern science she is still eventually able to go, but not as the mission's Commander accompanied by a sequel. Another story relates to a female squadron leader whose girlfriend has been abducted by the very aliens which their squadron battles against, only to find that her replacement is an old flame whilst the next deals with a Queen who falls in love with a lonely female salvage worker with the final story relating to a space drilling rig which crash lands upon a supposed desolate moon where a secret complex is discovered as a possible safe haven or a source of concern, especially when crew members start to disappear.

A Collection of Shifters C.M. Simpson, 2023-01-17 Shifters come in all shapes and sizes. Some can be found in the universes of *Odyssey* and *Miss Delight* or the *Pixie Dust* setting and some are found elsewhere. Whether they are laying their lives on the line for their cubs, their mates, or their friends, or hunting down some unsuspecting human, they live among the heroes and villains that dwell in our imagination. Within these covers lies a dozen short stories and a swathe of flash fiction and poetry focused on shifters of many forms from the werewolves of *Lunar One* to the arach and lizardine to creatures great and small, land bound and from the sea.

The Best Short Stories of ... and the Yearbook of the American Short Story, 1922 [The Bookman](#), 1913 **THE CORNER** Xiaolu, 2023-12-12 There are a total of 30 short stories in this collection divided into three parts. The first part is named after my early award-winning novel *Lao Han's Pizzeria*.
