## La Plus Belle Histoire De La Naissance:

**La plus belle histoire de la naissance** René Frydman, Jacques Gélis, Henri Atlan, Karine Lou Matignon, 2013-04-04 C est assurément un heureux événement si naturel si banal et si bouleversant Longtemps la naissance du petit d homme est restée un merveilleux mystère et une preuve pour les mères Avant que la science et la médecine ne viennent s en préoccuper on l a nourrie de mythes de croyances de rituels parfois d concertants Par quel enchantement un bébé surgissait il ainsi du ventre des femmes La naissance a toujours intrigué l humanité et malgré son caractère intime obsédé l Eglise comme l Etat qui ont tenté de s en emparer Lourde responsabilité que de porter le devenir d une espèce Comment expliquait on autrefois l apparition d un enfant Comment l accueillait on Comment les femmes ont elles vécu leur grossesse au fil des siècles Comment les mères et les accoucheuses ont elles voulu O combien sommes nous aujourd hui Jusqu où pouvons nous aller Nous dirigeons nous vers une nouvelle révolution de la naissance vers une artificialisation complète de l émergence de la vie Sans douleur sans violence et demain sans mère En trois temps La naissance autrefois la révolution de la naissance Naître demain trois des meilleurs spécialistes dont le professeur René Frydman père du premier bébé proutte et pionnier des techniques in vitro retracent ici cette prodigieuse histoire des matrones de l Antiquité aux futurs vertigineux que la science nous propose D sormais procréation et sexualité peuvent être totalement dissociées on peut avoir un enfant si on le veut quand on le veut et bientôt comme on le veut grâce des technologies dites conceptions des ovules pour les garder pour des jours meilleurs sélection des embryons vierges de maladies héréditaires ou encore perspective moins lointaine qu on le croit utérus artificiel qui fera naître des enfants l extérieur du corps des mères Un nombre croissant de femmes réclament désormais la liberté et le droit de satisfaire leur désir d enfant en recourant à cet éventail de techniques qui ne cesse de s élargir Mais ces nouvelles manières de faire et d avoir des enfants nous posent des questions éthiques sociales politiques majeures et sollicitent la loi Sur ce plan les auteurs sont unanimes la France frileuse n a pas pris la mesure des enjeux elle est la traînée tant dans sa réflexion que dans la pratique En se penchant sur la manière dont on fait des petits d homme nos spécialistes qui s expriment sans tabou nous interrogent aussi sur l identité humaine et nous entraînent dans une réflexion essentielle sur le devenir de notre espèce , *Jesus the Rabbi Prophet* Jacques Baldet, 2005-08-16 Restores the historical context of the gospels and the Jewish nature of the message of Christ Uses the latest historical findings to explore the life of Jesus in its true historical setting Shows that Jesus was a Jewish teacher who sought to restore dignity to the ostracized members of his society The canonical gospels were in large part written by authors who were not eyewitnesses to the events they described and their writings were slanted to fill the needs of the new Church As a result a huge gulf exists between the Christ of the Christian church and the historical Jesus In *Jesus the Rabbi Prophet* scholar and historian Jacques Baldet seeks to restore the historical context and true nature of the Jewish society in which Jesus lived and through which his actions assume on an entirely different meaning The research of modern historians has shed much new light on the historical circumstances at work in Judaea and the Roman provinces that Jesus

knew Looking at the life of Jesus in its broader historical setting has given Jacques Baldet answers to many of the questions that have puzzled historians such as when did Jesus really live and what was the true nature of his family convictions and spiritual beliefs From this vibrant and highly informed perspective the deeper story of the man from Galilee emerges Rabbi Jesus was both a Jew imbued with the monotheistic teaching of the Torah and a visionary who preached of the kingdom within Viewed in their proper historical context the Stations of the Passion and Christ's betrayal by Judas and death on Calvary take on a new light Baldet shows that the true life and original message of Jesus were concealed beneath the literary creations that primarily reflected the agenda of the early Church Jesus was not trying to start a new religion He was a Jewish teacher who sought to reform the faith of his fathers by restoring dignity to the unfortunate and ostracized members of his society
