## **La Porte Noire Tome:**

**La porte noire** Daniel Boulanger, 1981 , Roman Building Jean-Pierre Adam, 2005-11-01 Lots of pictures well illustrated Visually rich but also text on building materials etc Roman architecture throughout Mediterranean Jean Pierre Adam is an expert in the architectural field One of newly acquired Batsford titles When I was a Girl in France Georgette Beuret, 1926 A Handbook for Travellers in France John Murray (Firm), 1870 **Enemies of Rome** Iain Ferris, 2003-11-18 The artists of Ancient Rome portrayed the barbarian enemies of the empire in sculpture reliefs metalwork and jewellery Enemies of Rome shows how the study of these images can reveal a great deal about the barbarians as well as Roman art and the Romans view of themselves **La Porte noire de Besançon** Hélène Walter, 1986 **Monumentality and the Roman Empire** Edmund Thomas, 2007-11-16 The quality of monumentality is attributed to the buildings of few historical epochs or cultures more frequently or consistently than to those of the Roman Empire It is this quality that has helped to make them enduring models for builders of later periods This extensively illustrated book the first full length study of the concept of monumentality in Classical Antiquity asks what it is that the notion encompasses and how significant it was for the Romans themselves in moulding their individual or collective aspirations and identities Although no single word existed in antiquity for the qualities that modern authors regard as making up that term its Latin derivation from monumentum a monument attests plainly to the presence of the concept in the mentalities of ancient Romans and the development of that notion through the Roman era laid the foundation for the classical ideal of monumentality which reached a height in early modern Europe This book is also the first full length study of architecture in the Antonine Age when it is generally agreed the Roman Empire was at its height By exploring the public architecture of Roman Italy and both Western and Eastern provinces of the Roman Empire from the point of view of the benefactors who funded such buildings the architects who designed them and the public who used and experienced them Edmund Thomas analyses the reasons why Roman builders sought to construct monumental buildings and uncovers the close link between architectural monumentality and the identity and ideology of the Roman Empire itself Roman Architecture in Provence James C. Anderson, 2013 This book provides a survey of the architecture and urbanism of Provence during the Roman era Provence or Gallia Narbonensis as the Romans called it was one of the earliest Roman colonies in Western Europe In this book James C Anderson jr examines the layout and planning of towns in the region both those founded by the Romans and those redeveloped from native settlements He provides an in depth study of the chronology dating and remains of every type of Roman building for which there is evidence in Provence The stamp of Roman civilization is apparent today in such cities as Orange Nîmes and Arles where spectacular remains of bridges theaters fora and temples attest to the sophisticated civilization that existed in this area during the imperial period and late antiquity This book focuses on the remains of buildings that can still be seen exploring decorative elements and their influence from Rome and local traditions as well as their functions within the urban environment **Dictionnaire**
