Muslimness in Contemporary Literary Imaginations Neriman Kuyucu, 2025-10-14 Focusing on imagination and self representation as a key sociocultural force this book examines the diverse ways Muslim writers articulate complex and multifaceted conceptualizations of Muslimness at the critical juncture of culture faith gender sexuality and diasporic experience It highlights how contemporary fiction offers valuable insights into discussions on Muslims This book situates Muslim writing in relation to Muslimness as an inherently contradictory field of meaning and the Muslim diaspora which is re conceptualized as Muslim diaspora space Muslim diaspora space can be used as an analytical framework that can highlight an emerging literary site that Muslim writers create within the current politics of representation The texts selected for close analysis in this book demonstrate that diasporic experience is not limited to displacement and its challenges the process of diasporization also signifies the creative potential arising from navigating the tensions between mobility and rootedness sameness and difference and loss and renewal

violent actions of Islamic terrorism committed by a few Pashtun immigrants living in Western nations This study explores the various factors that impact identity formation for Pashtun immigrants including transnationalism social media and the ongoing negative media attention concerning Islam and Muslims This book helps readers understand the nuances of identity formation which are critical to consider in order to avoid the crude categorizations so often associated with identity politics

national security states throughout North America Western Europe and beyond Yet despite the enormous costs citizens have paid in the name of security society has become less secure and less safe In many respects this situation has resulted from the misapprehension of the conditions that make the emergence of this threat probable Kowalski focuses on the macro social relations and structures that make radicalization probable As demonstrated through an analysis of the so called Toronto 18 an extremist group arrested in June of 2006 for activities that contravened the Canadian Anti Terrorism Act ATA macro social relations and structures served a significant role in creating the conditions through which the process of radicalization became probable If a comprehensive understanding of the processes of radicalization are to be reached and effective counter terrorism policies developed then the consideration this book provides of greater macro social relations and structures that make the emergence of extremist subjectivities probable is needed *Islam, the West, and Tolerance* Aaron

West Norman Daniel, 1966 The Ummah at the Crossroads, 2005 Us And Them Peter Manning, 2012-06-01 A riveting and sobering investigation into Australia's race problem and how our media demonises Arabs and Muslims Since 9 11 the Australian media has been filled with bad news stories Gang rapes in Sydney asylum seekers the Tampa federal election the war in Afghanistan the first year of the Palestinian intifada the Cronulla riots all hit the headlines on a regular basis One factor ran through all of these Arabs and Muslims After the terrible anti Muslim feeling after 9 11 Manning had the shocking realization that he hadn't fairly portrayed Muslims in the media and had even used Australia's fear of Islam to sell stories His reaction to the media firestorm about one ethnicity and one religion was to prepare a fully refereed academic study on how both had been portrayed in two newspapers Sydney's two major dailies in the year before and the year after September 11 2001 The results horrified him and he set out to redress the balance any way he could Now Professor of Media Studies at the University of Technology he launched himself into an undergraduate degree in Arabic studies and immersed himself in the Arab world His subsequent trip to the Middle East was one of the best times of his life Us and Them is an attempt by a respected journalist and media commentator to address the public government led and media driven hysteria about the group of Australians now known as people of Middle Eastern appearance A combination of memoir travel culture history and religion Us and Them tells the story of one man's passionate quest to see justice done to humanise rather than demonise the people our media and us tend to get so wrong **The American Journal of Islamic Social Sciences**, 1998 *Islam* Hans

Globalization, Modernization, and Education in Muslim Countries Rukhsana Zia, 2006 Globalisation and modernisation are the buzzwords of the new millennium They serve to sharpen the focus on the dynamic nature of political economic and social systems and in this book the editor and contributors attempt to locate educational changes in a selected number of Muslim countries within the over arching global scene There has been considerable debate about the legitimacy of these terms and both have inspired definitions nuances and accompanying emotions that run the whole gambit from welcoming acceptance to murderous aggressions Terms like ancient medieval or modern when describing eras in the history of Europe with the most recent one being referred to as post modern have been strongly debated And within the broad sweep of globalisation it is argued that there are identifiable stages with many making for exclusive definitions others inclusive
