Living Shadows John Shirley, 2013-10-07 One of the darkest edgiest boldest writers around John Shirley lays down an adrenalized yet artful prose that fairly skids across the page dragging the reader along into shadowed corners of terror and desire Yet while it's thrilling there's psychological depth too as Shirley bores into the brains of his characters revealing the motivations of those who walk on the wild side Many writers extrapolate from peripheral observation and research but John Shirley's stories come from personal experience with extreme people and extreme mental states and his struggle with the seductions of addiction On the streets in the midst of darkest suburbia or just beyond consensus reality Shirley brings the shadows to vivid life **Darkness Divided** John Shirley, 2013-10-07 Darkness can be divided It can be split like an atom and

in it can be found a destructive fire or light Light too can be folded into darkness The stories brought to light in John Shirley's

stunning DARKNESS DIVIDED most of them never before collected some written especially for this book are presented in two sections one featuring stories set in the present or the past the other set in myriad futures These dark tales of new noir science fiction fantasy and crime demonstrate humankind's evolution from where we were and where we are to where we have yet to be Shadows are a current a continuity streaming from Til Now into And Soon John Shirley incisively explores human nature and the pitch black streak within the soul that each of us fears The twenty two excursions collected here divide the darkness with scalpel like precision daring you to peek inside In these divided shadows in the shift of diffuse light and occlusion things move things that aren't there There you will find your own id the dark side of your own imagination Read these words and be forever changed by what you find Cripples & Creeps: stories and a poem Jude Davison, 2016-08-11

Among these energetic and highly entertaining stories a suicide victim sits in a Spartan windowless waiting room eager to share his rage with God a transgendered spy must remain in hiding and navigate the constrictions of a mental institute a spurned lover has an unexpected liaison with his sexy voiced Satnav and two old men discover an unlikely friendship as each faces their imminent demise on a hospital palliative ward Throughout these ten highly imaginative stories Cripples Creeps reflects the struggles epiphanies desperation loathing and simple joys of the everyday lives and not so everyday lives of people around us ultimately revealing the layers of humanity in us all The final story Luck ties the entire collection together in an unexpected and original way and reminds us of the fragility serendipity and sometimes seemingly random nature of the world we live in **Billboard**, 2011-10-01 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Same Old Song** John Paul Meyers, 2024-03-26 Popular music and its listeners are strongly associated with newness and youth Young people can stay up late dancing to the latest hits and use cutting edge technology for listening to and sharing fresh music Many young people incorporate their devotion to new artists and styles into their own developing personalities However if popular music is a genre meant for the youthful what are listeners to make of the widespread sampling of music from decades old R B tracks sold out anniversary tours by aging musicians retrospective box sets of vintage recordings museum exhibits and performances by current pop stars invoking music and images of the past In Same Old Song The Enduring Past in Popular Music John Paul Meyers argues that these phenomena are part of what he calls historical consciousness in popular music These deep relationships with the past are an important but underexamined aspect of how musicians and listeners engage with this key cultural form In chapters ranging across the landscape of twentieth and twenty first century music Meyers finds indications of historical consciousness at work in multiple genres Rock music canonizes its history in tribute performances and museums Jazz and pop musicians cover tunes from the Great American Songbook Hip hop and contemporary R B singers invoke Black popular music from the 1960s and 1970s Examining the work of influential
