**8779 FIRST LANGUAGE AFRIKAANS**

**8779/02**

**Paper 2 (Reading and Writing), maximum raw mark 70**

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2014 series for most Cambridge IGCSE<sup>®</sup>, Cambridge International A and AS Level components and some Cambridge O Level components.

David Wright,Paul De Hert,2016-04-19 This book is about enforcing privacy and data protection It demonstrates different approaches regulatory legal and technological to enforcing privacy If regulators do not enforce laws or regulations or codes or do not have the resources political support or wherewithal to enforce them they effectively eviscerate and make meaningless such laws or regulations or codes no matter how laudable or well intentioned In some cases however the mere existence of such laws or regulations combined with a credible threat to invoke them is sufficient for regulatory purposes But the threat has to be credible As some of the authors in this book make clear it is a theme that runs throughout this book carrots and soft law need to be backed up by sticks and hard law The authors of this book view privacy enforcement as an activity that goes beyond regulatory enforcement however In some sense enforcing privacy is a task that befalls to all of us Privacy advocates and members of the public can play an important role in combatting the continuing intrusions upon
