Le Monde Selon Karl:

The World According to Karl Jean-Christophe Napias, Sandrine Gulbenkian, 2020-06-09 Karl Lagerfeld's legendary maxims in a fashionable gift format Karl Lagerfeld was a modern master of couture He was also legendarily outspoken his wise and surprising statements popped up like offbeat news flashes This compact collection of quotations pays homage to the renowned minence grise of the fashion world Lagerfeld's pronouncements on fashion women art politics love and life high and low are famously oracular seized upon by fashionistas acolytes and sages around the world Created with the full approval of the late designer this cornucopia of Lagerfeld's maxims is required reading for all of us as we negotiate the trickiest curves of modern life Cultivated unpredictable provocative and sometimes shocking Lagerfeld's bons mots are impossible to ignore

The World According to Karl Jean-Christophe Napias, Patrick Mauries, 2016-09-06 Karl Lagerfeld is a modern master of couture His wise surprising statements pop up like offbeat news flashes This collection of quotations pays homage to the minence grise of the fashion world His oracular pronouncements are regularly seized upon by fashionistas acolytes and sages around the world This is a cornucopia of Lagerfeld's maxims cultivated unpredictable provocative sometimes shocking but always impossible to ignore Jacket

The Incarnate Lord Thomas Joseph White, 2015 The Incarnate Lord then considers central themes in Christology from a metaphysical perspective Particular attention is given to the hypostatic union the two natures of Christ the knowledge and obedience of Jesus the passion and death of Christ his descent into hell and resurrection A central concern of the book is to argue for the perennial importance of ontological principles of Christology inherited from patristic and scholastic authors However the book also seeks to advance an interpretation of Thomistic Christology in a modern context The teaching Aquinas then is central to the study but it is placed in conversation with various modern theologians such as Karl Barth Karl Rahner and Hans Urs von Balthasar Ultimately the goal of the work is to suggest how traditional Catholic theology might thrive under modern conditions and also develop fruitfully from engaging in contemporary controversies

Becoming and Being Colin E. Gunton, 2011-05-26 Becoming and Being presents an analysis and comparison of two influential modern approaches to the doctrine of God Although they are in many respects diametrically opposed the one finding its basis in biblical revelation and steeped in the tradition of trinitarian reflection the other relying on pure speculative reason there are numerous and surprising points of contact The second edition offers a new conclusion by the author in which he responds to his critics and reflects on how his views have changed and remained the same in the intervening years While providing useful portraits of its two central thinkers Barth and Hartshorne the book will also serve as a fine introduction to the rational basis of theology as well as providing insight into some of the perennial questions arising from belief in God

The Thomist Tradition Brian J. Shanley, 2013-03-09 The Thomistic tradition takes its name from the thirteenth century religious thinker and saint who is its source and inspiration the Dominican Friar Thomas 1 Aquinas Aquinas understood himself to be a theologian and that is what he was This obvious

biographical fact needs to be underlined at the beginning however 2 since it has often since been lost sight of in treatments of his thought The reason for this is that Aquinas also developed a powerful innovative and comprehensive philosophy which has proved to be at least as perennial if not more so than the theological synthesis that it was originally designed to serve His followers have kept both strains of his thought alive until this day but not always combining the same dual expertise Theology and philosophy have since become more distinct and as each has fragmented into sub disciplines of academic specialization it becomes harder and harder for anyone to master the thought of Aquinas as a as evidenced by the whole Yet grasping the whole is essential to grasping the part master work of Aquinas s mind his Summa theologiae You cannot understand any part of the Summa unless you understand its place within the whole and much violence has been done to Aquinas s thought by abstracting it from the larger context in order to present it in discrete units

The Analogy of Being Thomas Joseph White,2011 Does all knowledge of God come through Christ alone or can human beings discover truths about God philosophically The Analogy of Being assembles essays by expert Catholic Protestant and Orthodox theologians to examine the relationship between divine revelation in the person of Jesus Christ and the philosophical capacities of natural reason These essays were inspired by the lively decades long debate between Karl Barth and Erich Przywara which was first sparked in 1932 when Barth wrote that the use of natural theology in Roman Catholic thinking was the invention of the Antichrist The contributors to The Analogy of Being analyze and reflect on both sides of Barth and Przywara s spirited discourse offering diverse responses to a controversy reaching to the very core of Christian faith and theology It would be difficult to match the range and quality of commentators on this historic exchange between a Catholic philosopher and a renowned Reformed theologian on a subject of enduring significance given the centrality of analogy to any issue in philosophical theology Moreover the contributions exhibit how the issues have come to span ecclesial boundaries as their import has progressively evolved A splendid collection David Burrell C S C Uganda Martyrs University A profound testimony to the enduring significance of the analogia entis debate between Erich Przywara and Karl Barth Hans Boersma Regent College In a fresh ecumenical context this extraordinary volume rekindles the mid twentieth century encounter between ressourcement thinkers and metaphysical theology The voices of Przywara Barth Balthasar and others speak anew through leading theologians of our own day in these masterfully orchestrated essays Matthew Levering University of Dayton

Christ and Culture Graham Ward,2015-11-04 Leading theologian Graham Ward presents a stimulating series of reflections on Christ and contemporary culture Takes as its starting point Niebuhr s famous volume on Christ and Culture published in the 1970s Explores representations of Christ from sources as diverse as the New Testament and twentieth century continental philosophy Considers Christ and culture in the light of contemporary categories such as the body gender desire politics and the sublime Develops an original and imaginative Christology rooted in Scriptural exegesis and concerned with today s cultural issues The author has been described as the most visionary theologian of his generation
