Western Weird Mark Todd, 2015-08-02 The 2015 theme for Manifest West's annual anthology is Western Weird The works in this collection reflect both myths and suspected truths about the part of the United States we call the West But this year's edition focuses entirely on the tradition of the strange To borrow from Jeff VanderMeer's definition for speculative fiction's New Weird this volume creates a new parallel genre for work that subverts the traditional romanticized ideas about place playing with clichés about the West in order to put these elements to discomfiting rather than consoling ends Topics included in this collection of poetry fiction and creative nonfiction range from the West's numinous fascination with E T Bigfoot and ghosts and its celebration of its indigenous fauna and deadly landscapes to its uncomfortable relationships with its own marginalized peoples and its unforgiving and sometimes

violent traditions The tone of these works ranges from light even campy to chilling but all allow readers to gaze straight into the many faces of what makes the West a weird place For the first time in the series this volume includes solicited work as well as open submissions including a number of established and award winning writers and serving its mission by giving voice to brand new writers New York Magazine ,1993-09-13 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Forthcoming Books Rose Arny,1991
