Border Security, 2015 United States. Congress. Senate. Committee on Homeland Security and Governmental Affairs, 2016 **The Report: Indonesia 2015** Oxford Business Group, 2015-05-21 With the application of the right policies Indonesia could return to growth above 6% and perhaps eventually reach the 7% target set by the new president The government intends to double expenditure in the key areas of public works transport and agriculture and new plans include the construction of 2600 km of roads 15 airports 24 ports 3258 km of railway and the addition of around 35 000 MW to the state electricity company s current capacity The investments to be made in infrastructure have the potential to boost the economy in both the short and long term A shift to more investment and less consumption would help lead to more sustainable growth and insulate the country from external shocks Already the numbers are starting to head in the right direction The Decline of America David D. Schein, 2018-02-13 The Decline of America offers a carefully documented analysis of the last seventeen U S presidents These men eight Democrats and nine Republicans have shaped the last 100 years not only for America but for the world Each president is profiled with unsparing scrutiny so we can see where it s all gone wrong David Schein follows these critiques by proposing ways to improve America s outlook for the next 100 years before it s too late *Capital and the Common Good* Georgia Levenson Keohane, 2016-09-27 Despite social and economic advances around the world poverty and disease persist exacerbated by the mounting challenges of climate change natural disasters political conflict mass migration and economic inequality While governments commit to addressing these challenges traditional public and philanthropic dollars are not enough Here innovative finance has shown a way forward by borrowing techniques from the world of finance we can raise capital for social investments today Innovative finance has provided polio vaccines to children in the DRC crop insurance to farmers in India pay as you go solar electricity to Kenyans and affordable housing and transportation to New Yorkers It has helped governmental commercial and philanthropic resources meet the needs of the poor and underserved and build a more sustainable and inclusive prosperity Capital and the Common Good shows how market failure in one context can be solved with market solutions from another an expert in securitization bundles future development aid into bonds to pay for vaccines today an entrepreneur turns a mobile phone into an array of financial services for the unbanked and policy makers adapt pay for success models from the world of infrastructure to human services like early childhood education maternal health and job training Revisiting the successes and missteps of these efforts Georgia Levenson Keohane argues that innovative finance is as much about incentives and sound decision making as it is about money When it works innovative finance gives us the tools motivation and security to invest in our shared future The Debt Trap Josh Mitchell, 2021-08-03 AN NPR AND NEW YORK POST BEST BOOK OF THE YEAR From acclaimed Wall Street Journal reporter Josh Mitchell the devastating account The Wall Street Journal of student debt in America In 1981 a new executive at Sallie Mae took home the company s financial documents to review You ve got to be
