Historical Dictionary of Angola W. Martin James, 2018-03-01 Angola slowly recovering from a twenty seven year civil war is becoming a regional super power in southern Africa This rise can be attributed to oil diamonds a battle tested armed forces and a political system that is dominated by one party the Movimento Popular de Libertação de Angola the Popular Movement for the Liberation of Angola MPLA Problems remain to be solved The vast wealth is in the control of the elite while the vast majority of the people live on less than two dollars per day Corruption is rife the health and education system in shambles landmines remain a festering problem and the opposition is intimidated and split into various factions
