treatment However complementary therapies can help your dog to heal for example after a trauma or surgery as well as helping to heal chronic conditions Some herbal medicines and essential oils can interact with prescribed conventional medicines so always make sure that you consult your vet before embarking on a course of natural treatment for your dog I have been deeply interested in and passionate about natural treatments for animals for a long time and as a conventional vet people may be surprised to learn that I support complementary therapies To me it's all about treating the animal as a whole ensuring their optimum health and comfort whatever their age and stage This book is an introduction to a range of natural treatments and therapies for your dog along with an A Z compendium of 40 various ailments and how to treat them The list is comprehensive but by no means exhaustive and if you need further information on how to treat your dog holistically consult your vet or holistic vet practitioner The best of health to you and your dog
