Kuwait Security Reform And U S Policy:

Kuwait Kenneth Katzman, 2012 Kuwait has been pivotal to two decades of U S efforts to end a strategic threat posed by Iraq because of its location its role as the object of past Iraqi aggression and its close cooperation with the United States Kuwait is central to U S efforts to remain engaged in the northern Persian Gulf region now that all U S forces have left Iraq Kuwait's relations with the post Saddam government in Iraq have been hampered by long standing territorial economic and political issues unresolved from the 1990 Iraqi invasion of Kuwait but those issues have been narrowed significantly since 2011 Kuwait is increasingly suspicious of Iranian intentions in the Gulf aligning Kuwait with U S efforts to contain Iranian power in the Gulf and prevent Iran from exerting undue influence in post withdrawal Iraq Still Kuwait maintains relatively normal economic and political relations with Iran so as not to provoke Iran militarily or prompt it to try to empower pro Iranian elements in Kuwait

Kuwait: Security, Reform, and U.S. Policy, 2008 Kuwait which has been pivotal to nearly two decades of U S involvement in Iraq has been mired in internal wrangling over economic issues and the political dominance of the ruling family for the past 3 years There also are signs of Sunni Shiite tensions which previously were absent or muted Among other effects the political stalemate has delayed key energy projects This report is divided into the following sections 1 Governmental Changes and Political Reform 2 U S Kuwait Relations and Cooperation on Iraq 3 Foreign Policy Issues including Cooperation in the Global War on Terrorism and 4 Economic Policy The report will be updated

Kuwait Library of Congress. Congressional Research Service, 2006 Examines foreign and domestic policy issues facing Kuwait following the U S led invasion that ended the Iraqi regime of Saddam Hussein Reviews U S Kuwait relations and Kuwaiti relations with neighboring countries Discusses democratization and human rights developments in Kuwait and economic policy issues *US Democracy Promotion in the Middle East* Dionysis Markakis, 2015-08-27 US Democracy Promotion in the Middle East seeks to explore the changes in US strategy towards democracy promotion in the Middle East during the Clinton and Bush administrations with a particular focus on Egypt Iraq and Kuwait At a time of regional turmoil and political reform the topic of democracy promotion has never been more pertinent We are witnessing the emergence of popular movements that are challenging authoritarian governments long supported by the US Tracing the contours of the ongoing transition in US policy in the Middle East this book critically deconstructs the strategy of democracy promotion on both a theoretical and empirical level By formulating and applying an analytical framework derived from a Gramscian approach Markakis seeks to propose a re evaluation of what US foreign policy in the Middle East truly constitutes critiquing both the ideological foundations of the strategy as well as the implementation This book will provide a solid foundation for the analysis of US policy and in particular the strategy of democracy promotion at this time of momentous transition across the region *The Arab-U.S. Strategic Partnership and the Changing Security Balance in the Gulf* Anthony H.

Cordesman, 2015-11-10 The ongoing confrontation with Iran the war against ISIL the instability in Iraq the Civil war in Syria

and the conflict in Yemen have all caused major changes in the security situation in the Persian Gulf and in the regional military balance. The strategic partnership between Arab Gulf states and with the United States and other outside states must now evolve to deal with conventional military threats and a range of new threats including ideological extremists, non-state actors and their state sponsors and a growing range of forces designed to fight asymmetric wars. This new report from the CSIS Burke Chair in Strategy provides a 2015 assessment of the Gulf military balance, the military capabilities of each Gulf state, the role of the United States as a security partner and the priorities for change in the structure of both the Gulf Cooperation Council and the Arab Gulf military partnership with the United States. The assessment goes far beyond the conventional military balance and examines how force developments in the region affect joint and asymmetric warfare, missiles and missile defense, nuclear forces as well as terrorism, the role of non-state actors and outside powers.

Crude Strategy Charles Louis Glaser, Rosemary A. Kelanic, 2016. Should the United States ask its military to guarantee the flow of oil from the Persian Gulf? If the US security commitment is in fact strategically sound, what posture should the military adopt to protect Persian Gulf oil? Charles L. Glaser and Rosemary A. Kelanic present a collection of new essays from a multidisciplinary team of political scientists, historians and economists that provide answers to these questions. Contributors delve into a range of vital economic and security issues: the economic costs of a petroleum supply disruption, whether or not an American withdrawal increases the chances of oil-related turmoil, the internal stability of Saudi Arabia, budgetary costs of the forward deployment of US forces and the possibility of blunting the effects of disruptions with investment in alternative energy resources. The result is a series of bold arguments toward a much needed revision of US policy toward the Persian Gulf during an era of profound change in oil markets and the balance of power in the Middle East.

Of Empires and Citizens Amaney A. Jamal, 2012-09-09. In the post Cold War era, why has democratization been slow to arrive in the Arab world? This book argues that to understand support for the authoritarian status quo in parts of this region and the willingness of its citizens to compromise on core democratic principles, one must factor in how a strong US presence and popular anti-Americanism weakens democratic voices. Examining such countries as Jordan, Kuwait, Morocco, Palestine and Saudi Arabia, Amaney Jamal explores how Arab citizens decide whether to back existing regimes, regime transitions and democratization projects and how the global position of Arab states shapes people's attitudes toward their governments. While the Cold War's end reduced superpower hegemony in much of the developing world, the Arab region witnessed an increased security and economic dependence on the United States. As a result, the preferences of the United States matter greatly to middle class Arab citizens, not just the elite, and citizens will restrain their pursuit of democratization, rationalizing their backing for the status quo because of US geostrategic priorities. Demonstrating how the preferences of an international patron serve as a constraint or an opportunity to push for democracy, Jamal questions bottom

up approaches to democratization which assume that states are autonomous units in the world order Jamal contends that even now with the overthrow of some autocratic Arab regimes the future course of Arab democratization will be influenced by the perception of American reactions Concurrently the United States must address the troubling sources of the region's rising anti-Americanism

Kuwait Kenneth Katzman, 2019-08-03 Kuwait has been pivotal to the decades long U S effort to secure the Persian Gulf region because of its consistent cooperation with U S military operations in the region and its key location in the northern Gulf Kuwait and the United States have a formal Defense Cooperation Agreement DCA under which the United States maintains over 13 000 military personnel in country and prepositions military equipment to project power in the region Only Germany Japan and South Korea host more U S troops than does Kuwait which has hosted the operational command center for U S led Operation Inherent Resolve OIR that has combatted the Islamic State since 2014 Kuwait is a partner not only of the United States but also of the other hereditary monarchies of the Gulf Cooperation Council GCC Saudi Arabia Kuwait United Arab Emirates Qatar Bahrain and Oman Kuwait is participating militarily in the Saudi led coalition that is trying to defeat the Shia Houthi rebel movement in Yemen but Kuwait tends to favor mediation of regional issues over the use of military force Kuwait has sought to resolve the intra GCC rift that erupted in June 2017 when Saudi Arabia and the UAE moved to isolate Qatar Kuwait has refrained from intervening in Syria's civil war instead hosting donor conferences for victims of the Syrian civil conflict Iraq's recovery from the Islamic State challenge and the effects of regional conflict on Jordan's economy Kuwait has not followed some of the other GCC states in building quiet ties to the government of Prime Minister Benjamin Netanyahu in Israel Kuwait generally supports U S efforts to counter Iran and has periodically arrested Kuwaiti Shias that the government says are spying for Iran but it also engages Iran at high levels U S government reports have praised steps by Kuwait to counter the financing of terrorism but reports persist that wealthy Kuwaitis are still able to donate to extreme Islamist factions in the region Kuwait has consistently engaged the post Saddam governments in Baghdad in part to prevent any repeat of the 1990 Iraqi invasion of Kuwait Experts have long assessed Kuwait's political system as a potential regional model for its successful incorporation of secular and Islamist political factions both Shia and Sunni However since the 2011 Arab Spring uprisings Kuwait has followed other GCC states in incarcerating and revoking the citizenship of social media and other critics Kuwait's political stability has not been in question but long standing parliamentary opposition to the ruling Sabah family's political dominance has in recent years included visible public pressure for political and economic reform Parliamentary elections in July 2013 produced a National Assembly amenable to working with the ruling family but the subsequent elections held in November 2016 returned to the body Islamist and liberal opponents of the Sabah family who held sway in earlier assemblies Kuwait has increased its efforts to curb trafficking in persons over the past few years Years of political paralysis contributed to economic stagnation relative to Kuwait's more economically vibrant Gulf neighbors such as Qatar and the United Arab Emirates UAE Like the other GCC states Kuwait has

struggled with reduced income from oil exports during 2014-2018 Kuwait receives negligible amounts of U S foreign assistance and has offset some of the costs of U S operations in the region since Iraq s 1990 invasion of Kuwait

Kuwait Congressional Research Service, 2014-11-19 Kuwait has been pivotal to U S efforts to secure the Persian Gulf region because of its willingness to cooperate with U S strategy and military operations in the region its location close to both Iran and Iraq and its role as the object of past Iraqi aggression Kuwait arguably became even more central to the U S ability to project power in the northern Persian Gulf when all U S combat troops left Iraq in 2011 Kuwait has helped Iraq reintegrate into the Arab world it is supporting U S efforts to contain Iranian power and enforce Iran sanctions and it is procuring missile defense technology that furthers the U S goal of a GCC wide missile defense network Still as demonstrated by the Amir s May 2014 visit to Iran Kuwait maintains relatively normal economic and political relations with Iran so as not to provoke the Islamic Republic Kuwait is supporting U S led efforts to defeat the Islamic State organization in Iraq and Syria by placing its airbases and other military facilities at the disposal of the U S led anti Islamic State coalition even though Kuwait is not itself participating in coalition military operations against the group Yet U S Kuwait differences have emerged over what U S officials say is Kuwait s inability to stanch the flow of private Kuwaiti funds to extremist Islamist groups fighting in Syria Kuwait s government supports the Sunni led rebellion in Syria with humanitarian aid only On other regional issues Kuwait generally acts in partnership with its allies in the Gulf Cooperation Council GCC In March 2011 Kuwait sent naval forces as a largely symbolic participation in GCC military intervention to help Bahrain s government suppress an uprising by the majority Shiite population Kuwait s leadership along with that of Saudi Arabia and UAE sees the Muslim Brotherhood organization as a domestic threat and all three countries supported the Egyptian military s July 2013 removal of elected president and senior Muslim Brotherhood leader Mohammad Morsi from power Kuwait has tended to defer to GCC leader Saudi Arabia and other GCC states in offering proposals to resolve the Israeli Palestinian dispute while expressing residual resentment of Palestine Liberation Organization PLO officials for supporting Saddam s invasion of Kuwait Domestically Kuwait s political system was in turmoil during 2006-2013 initially manifesting as

parliamentary opposition to Sabah family political dominance but later broadening to visible public unrest in 2012 2013 Disputes over the ruling family s power and privileges produced repeated constitutional dissolutions of the all elected National Assembly and new elections the latest of which were held on July 27 2013 The July 2013 elections produced a pro government Assembly more amenable to working with the ruling family ushering in a period of renewed legislative and governmental action on long standing issues and an end to most public protest Yet the ruling family has not necessarily eliminated the causes of the unrest Kuwait remains a relatively wealthy society where most citizens do not want to risk their economic well being to try to bring about the downfall of Al Sabah rule The government has reduced unrest by implementing budgets replete with subsidies and salary increases and undertaking some repressive measures such as imprisoning or revoking the citizenship of social media critics for insulting the Amir These measures have tarnished Kuwait s reputation as the most politically progressive of the GCC states The years of political paralysis also have contributed to economic stagnation relative to Kuwait s more economically vibrant Gulf neighbors such as Qatar and the United Arab Emirates UAE
