

MX400XL Dual Stereo/Surround Reverb Processor **lexicon**

The compact-but-luxurious Lexicon® 4x4 for studio or live terrain.

STUDIO

Plug-in programming & recall with the power of Lexicon hardware.

You want the rich, luscious sound that's defined studio reverb for three decades: a genuine Lexicon hardware processor. But you also want the flexibility of programming high-quality effects right inside your DAW® programs...without bogging down your CPU or resorting to expensive processing cards.

Have it all with the MX400XL. All parameters of every reverb, delay and dynamic effect in this powerhouse quad processor are available inside any VST® or AU compatible DAW® program. Just link your computer to the MX400XL with a USB cable and control all automation and recall parameters exactly as you would with any software plug-in — while enjoying the sonic benefits only Lexicon hardware can provide.

Along with our unique "hardware plug-ins" for PC and Mac®, we've also included MX-Edit™ Librarian software so you can store and recall custom programs or pull up your choice of 223 genuine Lexicon settings including 25 dedicated Surround Programs.

At its heart, the MX400XL is everything you would expect from the company that invented digital reverberation. Seventeen Lexicon reverbs, delays and modulation effects plus dbx® compression and de-essing. A generous LCD display and big comfy knobs you can get your hands around.

Get a demo at your Lexicon dealer. And then get on the road to creating a hit.

STAGE

4-in/4-out versatility, hands-on control & road-rugged construction.

Meet the most Lexicon power ever offered in a super-affordable IRU effects processor. Perfect for band PAs, churches and clubs.

We know you need to be able to make changes quickly, so we designed the MX400XL's intuitive front panel to be a bare minimum of knob tweaks away from any adjustment or effects change. For example, three individual, assignable parameter controls mean you don't have to page through menus to fine tune a reverb tail.

Finally, you can rely on the MX400XL for years to come, through countless load-ins and load-outs — although its sound is A-studio-quality, we designed the MX400XL to withstand dust, moisture, shock, power surges and all the other rigors of live sound use.
