Women's Reproductive Traditions Stephanie Sellers, 2025-09-09 What happens when centuries old reproductive traditions clash with colonial impositions In *Indigenous Women's Reproductive Traditions* Stephanie A Sellers delves into the rich history of Indigenous women's reproductive practices before European colonization The book highlights traditional methods such as birth control abortion and child spacing which were integral to maintaining agency over their bodies Sellers explores how these practices were disrupted by European patriarchal structures and examines the impact of forced sterilization in the 20th century Today Indigenous women are reclaiming their rights through movements for reproductive justice advocating for a return to their ancestral practices and redefining concepts of womanhood and motherhood on their own tribal terms Ideal for courses in Women and Gender Studies Cultural Anthropology and Native American Studies this book offers crucial insights into the intersection of traditional practices and colonial impacts on Indigenous women's reproductive rights

Knowing Native Arts Nancy Marie Mithlo, 2020-09 *Knowing Native Arts* brings Nancy Marie Mithlo's Native insider perspective to understanding the significance of Indigenous arts in national and global milieus These musings written from the perspective of a senior academic and curator traversing a dynamic and at turns fraught era of Native self determination are a critical appraisal of a system that is often broken for Native peoples seeking equity in the arts Mithlo addresses crucial issues such as the professionalization of Native arts scholarship disparities in philanthropy and training ethnic fraud and the receptive scope of Native arts in new global and digital realms This contribution to the field of fine arts broadens the scope of discussions and offers insights that are often excluded from contemporary appraisals *Reproductive Justice* Barbara Gurr, 2014-12-09 In *Reproductive Justice* sociologist Barbara Gurr provides the first analysis of Native American women's reproductive healthcare and offers a sustained consideration of the movement for reproductive justice in the United States The book examines the reproductive healthcare experiences on Pine Ridge Reservation home of the Oglala Lakota Nation in South Dakota where Gurr herself lived for more than a year Gurr paints an insightful portrait of the Indian Health Service IHS the federal agency tasked with providing culturally appropriate adequate healthcare to Native Americans shedding much needed light on Native American women's efforts to obtain prenatal care access to contraception abortion services and access to care after sexual assault *Reproductive Justice* goes beyond this local story to look more broadly at how race gender sex sexuality class and nation inform the ways in which the government understands reproductive healthcare and organizes the delivery of this care It reveals why the basic experience of reproductive healthcare for most Americans is so different and

better than for Native American women in general and women in reservation communities particularly Finally Gurr outlines the strengths that these communities can bring to the creation of their own reproductive justice and considers the role of IHS in fostering these strengths as it moves forward in partnership with Native nations Reproductive Justice offers a respectful and informed analysis of the stories Native American women have to tell about their bodies their lives and their communities

Native North American Theater in a Global Age Birgit Däwes, 2007 Indigenous drama is at once the oldest and most innovative the most heavily displaced and resistant American genre Despite its increasing international presence over the past two decades the field has so far been neglected by scholarship This study seeks to chart the genre in both the U S and Canada by its contemporary manifestations from 1968 to 2004 and traces its historical entanglements in simulacral images and colonial surveillance Placing particular emphasis on the fashioning of cultural identity this approach situates Native theater in the larger framework of transnational methodologies General questions of theatricality and representation are complemented by in depth analyses of 25 plays by authors such as Hanay Geiogamah Monica Charles Gerald Vizenor Spiderwoman Theater Diane Glancy Margo Kane Tomson Highway and Drew Hayden Taylor
