Bloom,2015-02-02 Whether it s widely promoted debates streamed over the internet or a big budget documentary series on TV the supposed conflict between science and faith remains as prominent as ever In this accessible guide for students a well regarded science professor introduces readers to the natural sciences from a distinctly Christian perspective Starting with the classical view of God as the Creator and Sustainer of the universe this book lays the biblical foundation for the study of the natural world and explores the history of scientific reflection from Kepler to Darwin This informative resource argues that the Christian worldview provides the best grounds for scientific investigation offering readers the framework they need to think and speak clearly about this important issue **SCM Studyguide: Philosophy and the Christian Faith** Ben Pugh ,2018-12-04 The challenges that Western culture keeps posing to the Christian faith are ever new The goal posts keep changing This study guide will equip theology students to understand the culture shaping beliefs that are driving the kinds of questions it brings to faith It will be an historical overview of the key stages in the history of Western philosophy with each section carefully tracing the genealogical line of ideas and the Christian responses to them right up to the present day For most theology students learning abstract philosophical concepts involves literally learning a new language a language that the initiated converse in with ease but which leaves the uninitiated baffled Thus each chapter in this study guide opens with a glossary of terms Throughout the studyguide students are encouraged to reflect on the ways in which what has been learned might be applied in both explicitly theological and wider cultural contexts for example they might be asked to think of a film or book that seems to express elements of existentialism or postmodernism or to describe how something very like the extreme subjectivity of idealism can sometimes shows itself in Sunday morning worship
