Israel Le Nouvel Apartheid:

ISRAEL, le nouvel apartheid Michel Bôle Richard, 2013-04-03T00:00:00+02:00 Voici un ouvrage qui risque de faire du bruit L auteur grand reporter au journal Le Monde en Afrique du sud avant la lib ration de Mandela puis en Isra l durant de longues ann es tablit un parall le entre les 2 r gimes Il se d veloppe en effet en Isra l un r gime d apartheid En attestent la juda sation de J rusalem le blocus de Gaza l exclusion des b douins la discrimination envers les Arabes isra liens le pillage syst matique des terres palestiniennes et leur transformation en bantoustans la colonisation galopante Un livre fond sur des faits et des t moignages qui vise alerter l opinion et exhorter notamment l Europe agir **Israelis and Palestinians in the Shadows of the Wall** Stphanie Latte Abdallah, Cédric Parizot, 2016-03-09 Shedding light on the recent mutations of the Israeli separation policy whose institutional and spatial configurations are increasingly complex this book argues that this policy has actually reinforced the interconnectedness of Israelis and Palestinian lives and their spaces Instead of focusing on the over mediatized separation wall this book deals with what it hides its shadows Based on fieldwork studies carried out by French Italian Israeli Palestinian and Swiss researchers on the many sides of the Israeli Palestinian divide it highlights a new geography of occupation specific forms of interconnectedness and power relations between Israeli and Palestinian spaces It offers a better understanding of the transformation of people s interactions their experiences and the ongoing economy of exchanges created by the separation regime This heterogeneous regime increasingly involves the participation of Palestinian and international actors Grounded in refined decryptions of territorial realities and of experiences of social actors daily lives this book goes beyond usual political media and security representations and discourses on conflict to understand its contemporary stakes on the ground *Siria en el torbellino* Conde, Gilberto, 2013-01-18 Una parte muy importante de la poblaci n siria expres voluntad y esperanzas de cambio a partir de marzo de 2011 Se desataron manifestaciones masivas a las que los aparatos de seguridad del Estado respondieron con escaladas de represi n Buscando salvaguardar sus propios intereses gobiernos y movimientos de diferentes pa ses dieron su apoyo a las autoridades en unos casos y a los rebeldes en otros la rebeli n termin por convertirse en una sublevaci n armada a la que el r gimen respondi con toda la violencia imaginable Al cabo de un par de a os lo que hab a en Siria no era una simple guerra civil sino un amasijo de devastadores conflictos b licos con su estela de muerte as como con millones de desplazados y refugiados Esta obra re ne las investigaciones de un n mero importante de investigadores iberoamericanos especializados en el estudio del Medio Oriente que discuten sin pretensi n de unanimidad muy diversos aspectos de estos acontecimientos **Antisemitism and Racism** Christine Achinger, Robert Fine, 2017-10-02 The growing threat of antisemitism racism and Islamophobia within the European political landscape poses urgent and difficult questions These questions concern both commonalities and connections between these forms of prejudice and persecution and differences regarding their discursive functions and the image of the other they project In this volume we interrogate the specific forms antiracism and anti antisemitism take in the public sphere

their representation in scholarly discourses and the fact that they increasingly seem to be at home in separate and sometimes antagonistic political and academic camps We also address the conceptual resources and research tools required to study the unity that lies behind these varied phenomena This collection has a new introduction and brings together papers that arose out of discussions in the European Sociological Association Network on Racism and Antisemitism published in European Societies The chapters relate to current issues in the area of racism and anti-Semitism such as the notable impact of the Israel Palestine conflict on antisemitism in Europe the contested antizionist humour of Dieudonné in France relations between antisemitic and Islamophobic attitudes in Italy and Spain the problem of antisemitic reactions to Islamophobia in Arab media the historical relation of antisemitism to other kinds of racism in German literary discourse and how their study can be instructive for the investigation of antisemitism and Islamophobia today the difficulties Marxists internationally have faced in addressing concerns about antisemitism and current disconnections between racism and antisemitism in the human sciences These papers raise fundamental issues of understanding the modern world This book was originally published as a special issue of European Studies

Operation Al-Aqsa flood Jacques Baud, 2024-03-01 Why did Operation Al Aqsa Flood take place and what were Hamas's objectives What really happened on the ground on October 7th What lessons can we learn from the operations carried out by both sides To answer these three questions and many others Jacques Baud revisits the Israeli Palestinian conflict from its very beginnings Why has it still not found a solution What strategies have Israelis and Palestinians adopted over the past 75 years What is the impact of this conflict on our security What are the options for Israel and Palestine in the coming years In this book of rare clairvoyance Jacques Baud deplores the fact that Western decisions are colliding with international law The question is not who we are for but how the international order created after 1945 should be applied Israel's failure to respect this law is provoking its downfall As with any conflict the solution will not come from emotion but from objective dispassionate analysis and honest mediation Back cover

The Lure of Anti-Semitism Michel Wieviorka, 2007-10-01 Since the beginning of the 21st century France has seen the return of anti-Semitism with attacks desecration of cemeteries insults and threats This book is the outcome of a survey carried out by Michel Wieviorka along with a dozen sociologists He examines different tracks the possible links between anti-Semitism and the presence of a considerable Muslim population in France the hypothesis of a meeting between Islamism and the anti-Semitic extreme left as well as the hypothesis whereby the rise of anti-Semitism is connected with the evolution of the Jewish population in France which is increasingly attracted by a community oriented way of life This book demonstrates that present day anti-Semitism owes as much to factors internal to French society the social institutional and political crisis as it does to the projection of global issues on French soil in particular those which originate in the Middle East He demonstrates that this phenomenon has novel aspects but its more classical features are also borne in mind This rigorous and objective book is the first scientific study of present day French anti-Semitism
