Le Suicide Francocedilais:

Le Suicide français Eric Zemmour, 2014-10-01 La France se couche La France se meurt La France avait pris l'habitude depuis le XVII^e siècle et plus encore depuis la Révolution française d'imposer ses idées ses fougades même sa vision du monde et sa langue un univers personnel devant tant de merveilles Non seulement elle n'y parvient plus mais elle se voit contrainte d'ingurgiter des valeurs et des mœurs aux antipodes de ce qu'elle a défini au fil des siècles Nos lites politiques conomiques administratives médiatiques intellectuelles artistiques hétéritées de mai 68 se flicitent Elles somment la France de s'adapter aux nouvelles valeurs Elles crachent sur sa tombe et pimentent son cadavre fumant Elles en tirent gratification sociale et financière Elles ont désintéressé le peuple en le privant de sa mémoire nationale par la déculturation tout en brisant son unité par l'immigration Toutes observent goguenardes et faussement affectées la France qu'on abat et crivent d'un air las et d'adonneux les dernières pages de l'Histoire de France Ce vaste projet subversif connaît aujourd'hui ses limites Le voile se déchire Il est temps de déconstruire les déconstructeurs Années après années vnement après vnement prsident après prsident chanson après chanson film après film L'histoire totale d'une déconstruction joyeuse savante et obstinée des moindres rouages qui avaient défini la France ric Zemmour se livre une analyse sans tabou de ces quarante années qui depuis la mort du général de Gaulle ont défait la France *Le Suicide en droit romain et en droit français* Gaston Garrisson, 1883 **Le suicide** Émile

Durkheim, 1897 **The Mnemonic Warriors of the European Far Right** Joanna Sondel-Cedarmas, Grzegorz Pożarlik, 2025-12-16 The Mnemonic Warriors of the European Far Right is a comparative analysis of the politics and policy of memory as seen through the conceptual lens of Pierre Nora's lieux de mémoire More specifically the research in this volume is carried out through the prism of national populist and conservative sovereignist narratives in the Western Central and Eastern European public sphere The overall aim of this book is to examine how the European populist far right both the governing elites and those operating on the fringes of mainstream politics has adopted the instrumentalization of 20th century authoritarian and totalitarian lieux de mémoire to boost their political legitimacy The contributors to this volume explore critically the interplay between politics and collective memory the role of historical myths in shaping collective consciousness and the manipulation mechanisms of political communication aimed at monopolizing the real memory of the past They explore how different and sometimes mutually exclusive narratives about places of memory interact in the public sphere of societies that have experienced non democratic regimes in their history This volume will be of interest to researchers of European history and politics the far right populism and memory studies **Le suicide** Émile Durkheim, 1973

Degenerative Realism Christy Wampole, 2020-06-23 A new strain of realism has emerged in France The novels that embody it represent diverse fears immigration and demographic change radical Islam feminism new technologies globalization American capitalism and the European Union but these books often best sellers share crucial affinities In their dystopian visions the collapse of France Europe and Western civilization is portrayed as all but certain and the literary mode of realism begins to break down Above all they depict a degenerative force whose effects on the nation and on reality itself can be felt Examining key novels by Michel Houellebecq Frédéric Beigbeder

Aurlien Bellanger Yann Moix and other French writers Christy Wampole identifies and critiques this emergent tendency toward degenerative realism She considers the ways these writers draw on social science the New Journalism of the 1960s political pamphlets reportage and social media to construct an atmosphere of disintegration and decline Wampole maps how degenerative realist novels explore a world contaminated by conspiracy theories mysticism and misinformation responding to the internet age's confusion between fact and fiction with a lament for the loss of the real and an unrelenting emphasis on the role of the media in crafting reality In a time of widespread populist anxieties over the perceived decline of the French nation this book diagnoses the literary symptoms of today's reactionary revival Dislocating Globality Šarūnas

masterpiece Elinor Accampo University of Southern California USA Her recent social and economic challenges have cast deep shadows into the story of modern France that Charles Sowerwine tells so clearly Those dark questions about culture politics and society have their full place in this This scholarly but accessible reassessment of French history since 1870 This edition raises new questions about France s story directly and compellingly and remains the key text for readers who are curious about modern France Julian Wright Northumbria University UK Following on the fine precedent set by earlier editions this masterful survey offers students and the public alike a readable and illuminating account of the tortuous and ever intriguing path of French history since 1870 George Sheridan University of Oregon USA *The Vichy Past in France Today* Richard J. Golsan, 2016-12-20 *The Vichy Past in France Today* Corruptions of Memory is an interdisciplinary study examining the continuing impact of the memory of Vichy and World War II in French politics literature intellectual discourse and debates and the law It argues that despite multiple efforts in all of these areas to come to terms with France s World War II past and to fulfill a duty to memory to Vichy s Jewish victims the nation is still not reconciled to the so called Dark Years even seventy years after the Liberation Indeed the Vichy past occupies important recent works of literature inflects much political discussion and debate often serving as a metaphor for political and moral evil Its legacies include the passage of problematic laws that dangerously distort and simplify complex historical realities Chapter I examines the historical and legal legacies of the 1990s trials for crimes against humanity and traces their impact on the so called memorial laws of the new century Chapter II revisits the 2002 presidential elections in France and the impact of Jean Marie Le Pen s first round victory on intellectual and cultural debate Chapter III explores Alain Badiou s controversial characterization of Sarkozy s presidential victory as a return of Petainism in *The Meaning of Sarkozy* The discussion is cast against the backdrop of Badiou s radical political thought and Sarkozy s political uses and misuses of the World War II past Chapter IV examines the controversy surrounding the publication of Jonathan Littell s *The Kindly Ones* 2006 and its morally and historically problematic portrayal of an unrepentant Nazi and SS officer Chapter V discusses Yannick Haenel s fictional recreation of the Polish resistance hero Jan Karski *The Messenger* 2009 in his novel by that name and the polemics between the novel s author and the maker of the classic Holocaust documentary film *Shoah* Claude Lanzmann The Conclusion first explores the ways in which the memory of Vichy inflects literary and political reflections on the recent terrorist attacks in France It also examines strategies proposed by French philosophers for moving beyond the impasse of Vichy s memory in France before concluding with a different strategy proposed by the author for the French nation to move beyond the memory of the Dark Years **The Ideology of Political Reactionaries** Richard Shorten, 2021-12-30 *The Ideology of Political Reactionaries* offers a new perspective on the beliefs reactionaries share presenting a theory of reactionary ideology in the process Rather than taking self contradictions in the reactionary imagination as a reason for diminishment complexity is taken as a challenge The book argues that the features that unite reactionaries lie in rhetoric Reactionaries make three persuasive appeals to decadence

conspiracy and indignation They also display some recurrent styles The book's rhetorical approach entails a critique of the alternative approaches to reactionary politics dubbed as dispositional sociological and conceptual At the heart of the book is the textual analysis of the writings of a range of figures who are chosen in deliberate diversity and who have interacted with political audiences in different eras and settings Edmund Burke Joseph de Maistre Sarah Palin Donald Trump Adolf Hitler Zemmour Joe McCarthy Anders Breivik and Nigel Farage Analysis of their writings helps the book to reckon with some particular puzzles of ideologies and rhetoric These puzzles include the proximity of reactionaries to conservatism the ambiguity of their nostalgia the myth of their essential charisma and the apparent fetishisation of facts The Ideology of Political Reactionaries ought to interest anyone concerned about current ideological trends and in particular students and scholars of politics and history
