Modern Literature classics option written at the University of Rennes 2 defended in 2012 While it can borrow from history
through a certain number of historical archives this research work borrows more from legend and literary sources that made
it possible to free the second Duke of Normandy a Viking and son of the Viking Rollo founder of Normandy in 911 from
anonymity Indeed this academic work is the first to deal with a character that is not sufficiently known sometimes confused
with a homonym but of fundamental importance The choice of the title The Estory of William Longsword can be explained by
the following considerations it is a question of history but signifying by this choice that it will be a question of entering into
this history of preserving as much as possible its medieval character its medieval meaning and therefore not only of being the
modern observer of a timeless sequence It will not be history but a story that is told In 7 chapters all the dimensions inherent
to such publications will be revealed including the sources the gaps between the story and the texts the legendary dimension
