The ADHD Empowerment Guide James W. Forgan, Mary Anne Richey, 2021-09-23 Rated one of the Best ADHD Books of All Time by Book Authority The ADHD Empowerment Guide is different from other parenting ADHD books because it helps parents identify and build upon their child's strengths and natural talents in order to develop a specific plan to unlock their child's potential. Parents are invited to complete two easy-to-follow questionnaires to identify their child's natural abilities as well as determine key characteristics in their child that research has shown to help children with ADHD succeed in life. These characteristics include emotional control, integrity, grit, resiliency, resourcefulness, organization, motivation, school fit, support systems, and productive use of technology. Using the practical strategies presented, strength-building activities, and the information learned from the questionnaires, parents can develop a success plan that will unlock their child's potential and build a positive outlook on the journey of raising a child with ADHD. The authors, two professionals who have been there and done that with their own children with ADHD, illustrate their strategies and content by highlighting successful people with ADHD who excelled in various areas and share some of their success secrets to raising a successful child with ADHD.

*School Library Journal*, 2007      **Summary of the Liar** A Book a Day, 2016-09-29 The *Liar* by Nora Roberts is a mystery romance set against the backdrop of Tennessee's foggy Smoky Mountains. Shelby Anne Pomeroy Foxworth, a naive red-headed country girl born and brought up in the holler, learns just how strong she is when her presumed wealthy husband, Richard Foxworth, dies abruptly, plunging her deep into widowhood, debt, social undoing, and a series of jarring events that follow her back to her childhood home. Amidst this unrest, the novel treats the reader to vignettes of country living where a small town beauty shop bids locals cut their teeth on the fodder of daily news, a humble bar where everybody doesn't just know your name but also what you've done and why, serves up real-time rivalries, and the heroine's supportive family that resemble anyone in small town America provides a buffer for the strange events which begin to surround Shelby. Beyond the silhouette of the mysterious mountains, a smoldering romance awaits just below the heroine's fiery red hair. The novel opens on a quasi-shock grief scene with the protagonist searching for answers to who she may have married and fathered her active 3-year-old baby girl, Callie. With Shelby on a journey home to her family and her beloved mountains, but in her pilgrimage to uncover her life of charade, more mystery than mountainous peaks await. The heroine is met with cliff-hanging entanglements, pun intended, that shift the reader from Shelby's recent marriage drama and widowhood untruths to out-and-out cold murder, and then back to seemingly bizarre and random events which continue to follow her even to her mountainous peaks. Strategically, the author shifts the reader back and forth from romance to mystery, deploying this uncertainty so generously one is kept off-balance, and yes, turning pages. *The Liar* is a web if you will, of romance to mystery and back again that tangles rather than untangles as it goes.
