## Life On The Mountain:

**A Trapper's Life Mountain Rose** Diane Briscoe, 2011-10-14 Rosette left home when she was only eight teen and went out into the Rocky Mountains alone with one horse two mules rifles and supplies knowing how to defend herself she could kill a animal with one shot and not afraid to use both rifles and handguns to protect herself against other mountaineers A mess group that was operated by men who she hunted with at times hated her because she was not afraid to express her own feelings and thoughts One day she came to a small town and began to sell pelts for cash when a strange man came up to her name Chris Barton Something about his behavior and human responses was unclear to her and it seemed if this was just her imagination but was it for real Until the day Rosette was caught by the Ute Indians that changed everything she had felt for him and then she knew the truth about who he really is But in the back of her mind there was one question must be answered could she love and trust him again
