Clemens Wendtner

Lustful Urges Perverted Tales English Edition:

Imagining Sex Sarah Toulalan, 2007-09-06 *Imagining Sex* is a study of pornographic writing in seventeenth century England. It explores a wide variety of written material from the period to argue that unlike today pornography was not a discrete genre nor was it one that was usually subject at this time to suppression. Pornographic writing was a widespread feature of a range of texts including both popular literature, ballads, news sheets, court reports, small books and pamphlets as well as poetry, drama and more specialised medical books. The book analyses representations of sex, sexuality and eroticism in historical context to explore contemporary thinking about these issues but also about broader cultural concerns and shifts in attitudes. It questions both modern feminist and psychoanalytical interpretations of pornography, arguing that these approaches are neither appropriate nor helpful to an understanding of seventeenth century material. Through discussions of sex and reproduction, homosexuality, flagellation, voyeurism and humour, the book explores the nature of early modern sexual desire and arousal and explores their relationship to contemporary understandings about how the body worked. *Imagining Sex* presents a radically new interpretation of pornography in this period, arguing that concerns about fertility were at the heart of representations of bodies and sex so that images of pleasure were entwined with ideas about conception and reproduction. It also shows that these texts legitimized the sexual pleasure of the reader by highlighting the pleasure of looking and the incitement to sexual action that it provided.

Cockfighting in Britain from Antiquity to the Enlightenment Alexander Sutherland, 2024-11-15 This book looks at the relationship of the cock and cockfighting in Britain from ancient times to the early modern period, showing the societal and cultural changes that affected that relationship. It examines the evolution of the cock's role in religion and sport and the evolution of cockfighting as a sport in light of the changing culture of pastimes, the historical development of humankind's relationship with animals and the philosophy related to animal cruelty and animal rights.
