**Three Revolutions** Simon Hall, 2025-07-01 A salve for our current reactionary times ANDREW HARTMAN The gripping untold story of how six epic journeys launched the three communist revolutions that changed world history forever From the streets of Petrograd during the heady autumn of 1917 to Mao's stunning victory in October 1949 and Fidel's triumphant arrival in Havana in January 1959 the history of the twentieth century was transformed in dramatic and profound ways by the Russian Chinese and Cuban revolutions In Three Revolutions the stories of these epoch defining events are told together for the first time At the heart of each revolution was an epic journey Lenin's 1917 return to Russia from exile in Switzerland Mao's Long March of 1934-35 covering some 6 000 miles across China and Fidel Castro's return to Cuba in 1956 following his exile in Mexico Told in tandem with these are the corresponding journeys of three extraordinary journalists John Reed Edgar Snow and Herbert L Matthews whose electric testimony from the frontlines of each revolution would make a decisive contribution to how these revolutions were understood in the wider world Here in Simon Hall's masterful retelling these six remarkable journeys are brought vividly to life Featuring a stellar cast extraordinary drama and an epic sweep Three Revolutions raises fundamental questions about the nature of political power the limits of idealism and the role of the journalist questions that remain of utmost urgency today

*Tower of Skulls* Richard B. Frank, 2020-03-03 A sweeping epic Promises to do for the war in the Pacific what Rick Atkinson did for Europe James M Scott author of Rampage In 1937 the swath of the globe east from India to the Pacific Ocean encompassed half the world's population Japan's onslaught into China that year unleashed a tidal wave of events that fundamentally transformed this region and killed about twenty five million people This extraordinary World War II narrative vividly portrays the battles across this entire region and links those struggles on many levels with their profound twenty first century legacies In this first volume of a trilogy award winning historian Richard B Frank draws on rich archival research and recently discovered documentary evidence to tell an epic story that gave birth to the world we live in now

**China and Russia** Philip Snow, 2023-04-25 A compelling expansive history of the relationship between China and Russia from the seventeenth century to the present Russia and China the largest and most populous countries in the world respectively have maintained a delicate relationship for four centuries In addition to a four thousand kilometer border they have periodically shared a common outlook on political and economic affairs But they are in essence profoundly different polities and cultures and their intermittent alliances have proven difficult and at times even volatile Philip Snow provides a full account of the relationship between these two global giants Looking at politics religion economics and culture Snow uncovers the deep roots of the two nations alignment We see the shifts in the balance of power from the wealth and strength of early Qing China to the Tsarist and Soviet ascendancies and episodes of intense conflict followed by harmony He looks too at the

experiences and opinions of ordinary people which often vastly differed from those of their governments and considers how long the countries current amicable relationship might endure MAO ZEDONG JIE. LI,2025 **Mao Jung Chang**,Jon Halliday,2011-10-05 The most authoritative life of the Chinese leader ever written Mao The Unknown Story is based on a decade of research and on interviews with many of Mao s close circle in China who have never talked before and with virtually everyone outside China who had significant dealings with him It is full of startling revelations exploding the myth of the Long March and showing a completely unknown Mao he was not driven by idealism or ideology his intimate and intricate relationship with Stalin went back to the 1920s ultimately bringing him to power he welcomed Japanese occupation of much of China and he schemed poisoned and blackmailed to get his way After Mao conquered China in 1949 his secret goal was to dominate the world In chasing this dream he caused the deaths of 38 million people in the greatest famine in history In all well over 70 million Chinese perished under Mao s rule in peacetime The Hungarian Quarterly ,1995 The Long March Ed Jocelyn,Andrew McEwen,2006 The authors set off to retrace the Red Army s journey and record the experiences of the last remaining witnesses and participants of the Long March They found history alive all along the route including Tibetans whose accounts the Chinese censors wanted to ban and sensationally the woman who may be Mao s long lost daughter This book is based on eye witness evidence and contemporary records It contrasts starkly not only with the official version but also with recent claims that the March was a fraud The Long March really did happen but not as Mao told it Bringing together the historic event with images of changing society and their won march a remarkable feat of endurance itself the authors offer an exclusive picture of China past and present BACK COVER **Mao's Military Romanticism** Shu Guang Zhang,1995 Zhang argues that war in Korea offered Mao yet another opportunity to expand and consolidate his political power at home while at the same time uniting the Chinese proletariat against Yankee imperialism and proving to the international community that China had arrived as a major world power 中国观察 ,2008 **Mao's Purge of Senior Military Cadre** Asian Peoples' Anti-Communist League, Republic of China,1972 *Class Struggle and Deviant Labeling in Mao's China* Wenhui Cai,2001 This study investigates the entire process of deviant labeling under the leadership of Chairman Mao between 1950 and 1978 Through the use of life history materials that include autobiographies and memoirs published in both English and Chinese the causes of the labeling the lives of the deviants and the consequences of deviant labels on individuals family members and significant others are thoroughly analyzed It documents the impacts of labeling on the self concept of deviants and the creation of a new socially and politically defined deviant class the enemies of the people in Mao s China **Tiananmen to Tiananmen** Yuan-li Wu,1997 **New Hungarian Quarterly** ,1995 Revolutionary Discourse in Mao's Republic David Ernest Apter,Tony Saich,1994 What does the Chinese Communist Revolution teach us about the relationship between political discourse and real experiences and events This unique interpretation of the revolutionary process in China uses empirical evidence as well as concepts from contemporary cultural studies to probe this significant

question David Apter and Tony Saich base their analysis on recently available primary sources on party history English and Chinese language accounts of the Long March and Yan an period and interviews with veterans and their relatives Written by an eminent political theorist well seasoned in comparative development and an internationally recognized China scholar and abounding in new approaches to central issues this incisive analysis will be welcomed by social theorists and China scholars alike     **Education about Asia** ,2005     **The Spectator** ,1896 A weekly review of politics literature theology and art     □
