True Beer Timothy Sprinkle,2016-08-02 In the 1970s and 80s the brewing industry shifted was from large corporate suppliers to smaller independent microbrewers typified by producers such as the Boston Beer Company and Sierra Nevada Brewing Company Today the market is going even smaller with tiny independent brewers setting up shop in neighborhood brew houses nationwide focusing on crafting unique flavorful brews specifically for their extremely local clientele The reality is that beer is in the midst of a renaissance in this country driven by a new class of these dedicated craft nanobrewers and

growing communities of drinkers looking for something more from their daily brew something higher quality more unique more local These microbrewers rent out small spaces or buy industrial equipment to install in their garages They re accountants middle school teachers and plumbers who are passionate about beer and who dedicate their free time to producing three or so barrels of their own brew at a time They sell their bottles to close friends and gift it to family members for birthdays and holidays They enjoy what they do and they re proud of their product What s it like inside these small time brewing operations What happens behind the scenes What goes into making high end craft beer on a small scale True Beer takes an on the ground look at the ultra small side of the craft brewing movement from the inside out by profiling a number of independent American breweries in detail and using that as a jumping off point to examine the art and science of brewing the local farmers and providers behind the scenes the market itself as well as national trends in nanobrewing and modern craft beer production Skyhorse Publishing along with our Good Books and Arcade imprints is proud to publish a broad range of cookbooks including books on juicing grilling baking frying home brewing and winemaking slow cookers and cast iron cooking We ve been successful with books on gluten free cooking vegetarian and vegan cooking paleo raw foods and more Our list includes French cooking Swedish cooking Austrian and German cooking Cajun cooking as well as books on jerky canning and preserving peanut butter meatballs oil and vinegar bone broth and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

Viking Age Brew Mika Laitinen,Randy Mosher,2019-05-07 Viking Age Brew brings beer history alive and takes readers on a lavishly illustrated tour of rustic brewhouses fueled by wood and passion Sahti is a Nordic farmhouse ale that is still crafted in accordance with ancient traditions dating back to early medieval times and the Viking Age Sahti is often thought of as a freak among beer styles but this book demonstrates that a thousand years ago such ales were the norm in northern Europe before the modern style hopped beer we drink today reached the masses Viking Age Brew is the first English language book to describe the tradition history and hands on brewing of this ale Whether you are a brewing virgin or an experienced brewer the book unlocks the doors to brewing sahti and other ancient ales from medieval times and the Viking Age

25 new recipes from popular craft brewers there's also more to brew. It's no secret that from well-tested recipes to expert troubleshooting *Brew Your Own* sets the standard for quality. That means in this book you'll find the best of the best when it comes to homebrew guides, recipes, tips, and more, making it the ultimate brew day companion. It's a first-time homebrewer's best friend explaining the entire brewing process from start to finish with step-by-step photography. Yet it has plenty to offer more experienced brewers as well. Inside this updated edition you'll find all new recipes for must-brew beers including popular national favorites and clones for hard-to-find regional cult beers too. An expanded section on hops and hopping including all the most popular hops commercial brewers are using today and new techniques for mastering aggressively hopped styles like hazy IPAs. Tips for brewing clean, great-tasting hard seltzer. And of course the book still includes editors' and commercial brewer tips throughout, making sure your next brew day goes as planned. Whether you're looking to get into brewing, up your game, or find inspiration for your next beer, you'll find it in the big book. *Tasting Beer, 2nd Edition* Randy Mosher, 2017-04-04. This completely updated second edition of the best-selling beer resource features the most current information on beer styles, flavor profiles, sensory evaluation guidelines, craft beer trends, food and beer pairings, and draft beer systems. You'll learn to identify the scents, colors, flavors, mouth feel, and vocabulary of the major beer styles including ales, lagers, weissbeers, and Belgian beers, and develop a more nuanced understanding of your favorite brews with in-depth sections on recent developments in the science of taste. Spirited drinkers will also enjoy the new section on beer cocktails that round out this comprehensive volume.
