186 pages and more than 150 illustrations and charts size 8 25 x 10 75 inches This manual is a compilation of three original factory publications The first is a reproduction of the 108 page Workshop Instruction Manual for the 1957 64 Lightweight and Heavyweight singles and the twin cylinder models The second is a reproduction of the 12 page Supplementary Instruction Book for Competition Models The third is a 60 page Instruction Book combination that is exclusive to the 1958 1966 G2 G5 14 and 8 Lightweight 250cc and 350cc singles While the reprint of the original 108 page AMC workshop manual states that it is appropriate for the 1957 1964 models it actually covers the entire line of AJS and Matchless 250cc to 650cc Lightweight and Heavyweight singles and 500cc to 650cc twins manufactured by AMC through 1966 see below Please note that it does not include the 750cc AMC G15 45 1962 63 or the later Norton AJS Matchless G15 hybrids Owners of these 750cc hybrids are directed to the Norton 1966 70 Lightweight Heavyweight Twins workshop manual ISBN 9781588502421 as it includes significant maintenance and repair information on those models While the single cylinder machines are always considered the backbone of AMC s post war production in 1948 they introduced a 500cc twin cylinder the AJS model 20 and Matchless G9 However it was 1957 before that singular model was joined by a number of additional 500cc 600cc and 650cc twins In 1958 they also added two lightweight singles to their well respected line of heavyweight singles Unfortunately by the mid 1960 s along with most British motorcycle manufacturers AMC was struggling to compete with the flood of Japanese imports and by 1966 the AMC conglomerate had collapsed While the reason is mired in mergers finances consolidation politics and worker unrest both the AJS and Matchless name continued onward under license until early 1970 at which point both marques were history 1957 1966 Lightweight and Heavyweight Singles and Twins covered in this manual are as follows

distributed to the general public they were dealer only publications Consequently these Service Sheets were the only publications available for the maintenance and repair of BSA models that were manufactured through the early 1960 s INSTRUCTION MANUAL BSA published an Instruction Manual titled How to ride the BSA Dandy This publication was somewhat more detailed than most typical owner s manuals as it included basic overhaul information in addition to general maintenance and adjustments However when used in conjunction with the Service Sheets they are a reasonable substitute for a workshop manual PARTS or SPARES MANUAL The parts manual includes exploded component diagrams which are extremely helpful in the rebuilding or restoration process MEET THE PUBLISHER VelocePress com has been publishing reprints of motorcycle and automobile manuals since 2003 and our publications have earned excellent reviews worldwide so you can be assured you are purchasing a quality product We encourage you to exercise caution when purchasing a manual for your motorcycle as many of the reprints found on internet websites are from bedroom sellers at enticingly low prices by individuals that really have no idea what they are selling Many are nothing more than poor quality comb bound photocopies that are scanned and printed complete with greasy pages and thumbprints and as such are deceptively described as pre owned used or even refurbished In addition they are often advertised for the incorrect series and or model years With more than 250 titles in print VelocePress is one of the fastest growing specialty automobile and motorcycle publishing companies in the USA Please visit our website at www.VelocePress.com for more information on our company and our books
