Women's and Gender Studies Ann Braithwaite,Catherine Orr,2016-08-11 Everyday Women s and Gender Studies is a text

reader that offers instructors a new way to approach an introductory course on women's and gender studies. This book highlights major concepts that organize the diverse work in this field: Knowledges, Identities, Equalities, Bodies, Places, and Representations. Its focus on the everyday speaks to the importance this book places on students understanding the taken-for-granted circumstances of their daily lives. Precisely because it is not the same for everyone, the everyday becomes the ideal location for cultivating students' intellectual capacities as well as their political investigations and interventions. In addition to exploring each concept in detail, each chapter includes up to five short, recently published readings that illuminate an aspect of that concept.

Everyday Women's and Gender Studies explores the idea that people are different and the world isn't fair and engages students in the inevitably complicated follow-up question: Now that we know how shall we live? *Pregnancy, a Man's Survival Guide* Mark Stanearth, 2014-06-17.
