Leading Change In The Congregation Spiritual:

Leading Change in the Congregation Gilbert R. Rendle, 2007-12-01 Many books have been written about leadership and change but until now none has focused on the kind of change that tears at a community's very fabric. Alban senior consultant Gil Rendle provides a respectful context for understanding change especially the experiences and resistances that people feel. Rendle pulls together theory, research and his work with churches facing change to provide leaders with practical diagnostic models and tools. In a time when change is the norm, this book helps to lead change in a spiritual and healthy way.

The Spirituality of Welcoming Dr. Ron Wolfson, 2011-06-22 A practical guide for envisioning and transforming your synagogue into a powerful new congregation of welcoming, learning and healing. The new synagogue we envision is a spiritual center for all those who set foot inside it. It is a *kehillah kedoshah*, a sacred community where relationships are paramount, where worship is engaging, where everyone is learning, where repair of the world is a moral imperative, where healing is offered, where personal and institutional transformation are embraced. The times are ripe for this spiritual call from the Introduction. So often we want our congregations to be more, more compelling, more member focused, more spiritual and yet more useful for our daily lives. Through reflection, examples, tips and exercises, and incorporating the fruits of Synagogue 2000, now Synagogue 3000, a groundbreaking decade long program investigating the challenges facing modern synagogues, this inspiring handbook both establishes a sound foundation for why a deep hospitality is crucial for the survival of today's spiritual communities and dives into the practical hands on how of turning your congregation into a place of invitation and openness that includes Prayer that is engaging, uplifting and spiritually moving; Institutional deepening that is possible because of an openness to change; Study that engages adults and families as well as children; Good deeds, the work of social justice as a commitment of each and every member; An ambience of welcome that creates a culture of warmth and outreach; Healing that offers comfort and support at times of illness and loss and much more. [The Calling of Congregational Leadership](#) Larry L. McSwain, 2013-05-30 Leading is a calling from God but that doesn't mean it is easy. There are choices to be made about what your congregation believes, how your church organizes for effective ministry and how your church serves the settings of which you are a part. The good news is that others have gone before you. Author Larry L. McSwain's forty years of experience can help guide you through these choices. Rooted in research, *The Calling of Congregational Leadership* teaches a three pronged approach to congregational leadership: being a good leader, the knowledge needed by the leader and the managing of ministry leadership. By using this practical, holistic approach to leading congregations, McSwain shows you how to use your church's potential for conveying the power of God in the lives you touch. *The Calling of Congregational Leadership* is for those who seek to enlarge the understanding of their leadership to make their communities of faith more vital and more reflective of the mission of God in the world. *In Pursuit of Great AND Godly Leadership* Mike Bonem, 2011-11-15 Is it possible for church leaders to use biblical and secular leadership concepts in a way that keeps Christ

not the marketplace at the center of their mission Drawing on biblical material and business wisdom *In Pursuit of Great AND Godly Leadership* explores the critical leadership decisions and practices that shape the success of Christian organizations These decisions are illustrated in compelling interviews with over forty leaders of churches universities denominational bodies and international ministries Mike Bonem leverages his background as an MBA trained manager and an experienced church leader to bridge the gap between the analytical and structured world of business and the faith driven approach that is essential for healthy churches Written to offer practical solutions for senior pastors executive pastors key laypeople and leaders of other Christian entities *In Pursuit of Great AND Godly Leadership* clearly shows the ways that secular practices can be imported into their organizations Bonem addresses a variety of topics such as planning finances personnel management measurement team dynamics and organizational change In doing so he points to the AND that every spiritual organization should strive to achieve

When Better Isn't Enough Jill M. Hudson, 2004-02-01 Many sociologists and a growing number of church scholars have noted that we live in a time of transition from the modern era to the postmodern Whenever a shift of this magnitude occurs it leaves all of life including the church in flux We instinctively strive to stabilize the situation by re establishing what has worked in the past Increasingly however congregations are finding that the same old things done harder or better don't seem to make a difference Author Jill Hudson argues We must identify new criteria for success and perhaps even for faithfulness and hold ourselves accountable to them Approaching the postmodern era as a tremendous opportunity Hudson identifies 12 characteristics by which we can measure effective ministry for the early 21st century Based on those 12 criteria Hudson has created evaluation tools an early measuring stick to help congregations evaluate their work in this new era Not everything of the past is ineffective and best discarded she says nor will everything we try in the future be successful But by faithfully

listening for God's guidance and carefully evaluating progress using Hudson's tools looking at the ministry of the whole people of God as well as that of the professional staff congregations can improve their ministry help members and staff grow in effectiveness deepen a sense of partnership and add new richness to the dialogue about the congregation's future

Rekindling the Mainline Stephen C. Compton, 2003-06-01 Not only do new church starts in significant numbers bring systemic change and renewal to mainline denominations but new church development brings similar change to individual aging congregations in their vicinity Author Stephen Compton argues that a decline in new church starts in the last half of the 20th century was the major contributor to the decline of mainline church groups not liberalism or lack of faith as is often cited He shows in this book how introducing considerable numbers of new congregations into these old denominations can cause these venerable institutions to revisit the meaning of church and congregation develop a clearer vision of their collective mission and grow in their ability to bring about positive change in the world In effect he contends new churches in an aging organization do not merely make it grow They make it change in ways that make it more effective in its mission and ministries This book will appeal to leaders across denominational lines including those not ordinarily called mainline and especially to pastors and leaders of older congregations
